Subscription \$1.50 per year in advance

POSTMISTRESS OF MOKENA TOPS IN BOND SALES

Sometime ago the postmasters throughout the country had a Savings Bond drive on and a release from Washington just received shows that Miss Margaret Maue, post mistress at Mokena tops the list of all post offices in this section with a total of \$13,031.25 in savings Bonds sales. The many friends of the genial Mokena postmistress extend congratulations on her achievement.

Board Approves New Indian Trail District

By action of the Executive Board of the Potawatomi Trails Council of the Boy Scouts of America, at their recent meeting, Frankfort Township in Will County has become a part of the Potawatomi Trails Council. The Board also approved the forming of a third District comprising Bremen and Orland Townships in Cook County and Frankfort and Green Garden Townships in Will County. Indian Trail is the name of the new District.

Organization work has been started in the Indian Trail District which is expected to bring additional towns and new units into the Council Organization.

Seeking Re-Election

Subject to the election of April 9, George Bethel and Harvey Frick seek re-election, as members of the New Lenox School Board, and Herbert Senning and Andrew S. Demask are running for the same.

Dewey Moore is seeking re-election for president of the Board of Education with Rolland Cagwin running for same.

Honor New Lenox Bride To Be

Miss Velma Krohn entertained in her home Tuesday night at a miscellaneous shower in honor of Miss Marcella Bettenhausen who is to marry Wendell Morrison on April 14th.

Bunco was played at seven tables and prizes were awarded to Mrs. Elsie Morrison and Mrs. Violet Bettenhausen who in turn presented them to the honored guest.

A two course luncheon was served at individual tables which were decorated in yellow and blue the chosen colors of the bride elect. Miss Krohn was assisted in serving by her mother, Mrs. Henry Krohn, Mrs. R. Krohn and Miss Pearl Christianson.

Miss Bettenhausen received many beautiful gifts.

Those present were: Pearl Christianson, Carol Bettenhausen, Frances Sippel and Lois Fitzer of Joliet; Marcella Warner, Mildred and Esther Bettenhausen of Peotone; Violet and Bernice Krapp of Monee; Myrtle Johnson, Fay Bettenhausen, Ruth Mueller, Verna and Elda Krapp of Manhattan; Annabelle Deist of Frankfort.

Also Lois Bettenhausen of Andres, Ramona Fink of New Lenox, and Mesdames Reuben Borms, Earl Bettenhausen of Frankfort; Luella Fleming and Edw. Bettenhausen of Andres; Elmer Morrison, Harry Waldhauser and Lester Barton of Manhattan.

Buy New Fire Truck

The Tinley Park Fire Dept., at a meeting Tuesday night voted to buy a new fire truck on a Ford chassis with the upper part of the truck and cab to be built by the Fire Truck Corporation of Detroit. The complete job is to cost \$4000 and is to be delivered in about 60 days. The old fire truck has been sold to Dixmoor for \$800.

Consider \$25,000 Addition To New Lenox School

With an ever increasing enrollment of pupils the New Lenox public school is in dire need of more adequate quarters. A three room addition which would cost approximately \$25,000 is being talked of. It is hoped that a federal grant for at least half of this amount may be secured.

To Hold Party

The Ladies of Wm. Martin Auxiliary No. 725, Frankfort, Ill., will sponsor a card and bunco party in Hatch's Hall, on Thursday evening, March 31st. Every one is welcome.

MOKENA

Mrs. Bert Spiess is ill in her home and confined to bed.

Donald Kohl underwent an appendicitis operation in Silver Cross hospital Wednesday evening.

J. Harold Downey Seeks Judgeship

J. Harold Downey, Democratic Candidate for the office of Probate Judge, is a product of Joliet from birth; educated in Joliet grade and High Schools, and later received his Law Degree at Valparaiso University Law School. He immediately became associated in the practice of Law with his father, the late John W. Downey, who was recognized as a Lawyer of exceptional ability and a staunch Democrat.

J. Harold Downey has had sixteen years experience as a Lawyer in Probate Court procedure and is thoroughly familiar with the duties pertaining to the office he seeks. He was selected by the United States Government as their District Supervising Attorney for the Home Owners' Loan Corporation, and continued in this capacity while loans were being negotiated.

J. Harold Downey has always been an ardent Democrat and it is generally conceded that from the standpoint of active service to his party he is entitled to every consideration at their hands.

Mr. Downey is married and lives with his wife and four children at 1408 Burry Street, Joliet, Illinois.

Henry Eisenbrandt Taken By Death

Mr. Henry Eisenbrandt, aged 54 years, of Peotone died in Passavant hospital Chicago on March 20. He had been confined there since Dec. 6. He had been in poor health since last October.

He was born in Frankfort on Oct. 15, 1884. He attended business and law school at Joliet and Chicago. He was united in marriage to Miss Hilda Schmitt from Blue Island on April 6, 1916. He moved to Peotone on Oct. 1, 1916.

When the Peotone State Bank was organized in 1917 he was made cashier and in 1930 was elected President of same. He was a very active worker in this kind of business until his health forced him to give up.

He leaves to mourn his death, his wife, and daughter, Mrs. Marion McFadden of Peotone, his mother, Mrs. Mary Eisenbrandt two brothers Geo. and Will all of Frankfort.

He was buried on Wednesday from the Evangelical church of Peotone by Rev. Plassman to Mt. Greenwood Cemetery in Chicago.

Fifth Anniversary CCC Camp

Open house at CCC Camp Sag Forest, Lemont, Illinois will be held April 2nd and 3rd, 1938 to celebrate the fifth anniversary of the Civilian Conservation Corps and the Army and National Park Service invites the public to visit the camp on either of these dates.

This camp Company No. 1675 and Illinois State Park 55 is the original Swallow Cliff Camp which moved from Palos Park, February 7, 1938. Project work was started by the Swallow Cliff camp December 1933 and during that time many improvements for the benefit of the public has been accomplished.

Bridges, trailside shelters, fireplaces, horse trails, parking areas and numerous other structures have been built by the CCC boys, one of which is the Palos Hills toboggan slides which gives the winter sports fans the best tobogganing in Northern Illinois.

Approval has just been received for the building of a combination building which will be used as a shelter and refreshment stand in the Swallow Cliff area, also a lookout tower will be erected on the top of the toboggan slides which will be used as a control house and a lookout tower which will aid in discovering fires. In addition to the construction work mentioned, this camp does all the quarrying of stone for the Cook County Forest Preserves and the other CCC Camps in Cook County.

Tours of inspection under the guidance of a National park foreman showing the various project work done will be made and a buffet luncheon served.

Leonard Mack, project superintendent of Illinois State Park 55

MR. AND MRS. EDGAR H. COOPER OF ORLAND MARRIED 50 YEARS

Mr. and Mrs. Edgar H. Cooper of Orland Park have been privileged to travel life's pathway together for half a century, and in honor of this golden event, open house was held at the James Creer hall in Orland Park last Sunday afternoon at which a large concourse of relatives neighbors and friends were received, the three sons of the venerable couple, Charles, Tom and Harvey were in the receiving line.

The program in connection with the celebration of the golden wedding was opened with a community sing led by Clarence Beagley. Two numbers, "Put On Your Old Grey Bonnet" and "Count Your Many Blessings", were sung.

The community sing was followed with a prayer by Rev. Manly Mumford, pastor of the Orland Park M. E. church.

Ralph Andres played a clarinet solo "By the Old Mill Stream" the guests joining in singing the chorus.

A very pleasing and unique part of the program was a musical setting in charge of Mrs. H. Adele Cooper, depicting the various phases of the honored couple's life, from infancy, thru the school days, teenage, the courtship and wedding and finally the golden wedding day.

This special feature was dedicated to Mr. and Mrs. Cooper by the nephews, nieces and friends.

Another musical offering was by Mrs. Percy Jochum of Tinley Park who sang "Silver Threads Among the Gold" accompanied on the violin by her husband and on the piano by her mother, Mrs. Joe Anderson.

16 Teams To Play In Tinley Tourney

Local cage fans will be treated to the fastest basket ball ever witnessed on the home floor when the Tinley Park tournament opens Monday March 28 at the School gym. An array of former college and high school stars are featured in each of the lineups of the sixteen teams. Three games of the highest calibre are promised each week-day night with the championship contest scheduled for 3:30 Sunday afternoon.

Two state high school champs of recent years are only one of the big attractions of the tournament. Joliet High's 1937 champs playing under the name of the Barr Senators are entered along with the Moyer's of Harvey, State high champs of 1933.

A strong Buda A. C. team will meet Dyer, Ind.' sole Hoosier representative, in the inaugural contest Monday evening. The second game will bring together Hazelcrest, recent runner-ups in the T. Y. O. Tournament, and the Offen Boosters of Chicago who feature Paul Greco, former Tinley athlete in their lineup. The last battle will be between Homewood's All-stars and Mokena, defending champs. All three of these games promise plenty of action.

Tuesday night's program will present the Barr Senators, 1937 State prep finalists and Midlothian, winners of the 1938 TYO Tourney. At 8:30 o'clock Orland will meet Franklin Park, this year's dark horse. Following this game the Moyer's of Harvey whose roster is full of many stars of colleges and high schools battle Joliet Spartans remembered by all as the little-big team of last years tournament when they fought their way to the finals. Incidentally, the Spartans were crowned champs of Will County.

Tinley Park meets International Harvester at 7:30 Wednesday evening. The final elimination contest will see the Glen Eagles of Lemont meeting Hemingway M. E. of Evans ton who present Jim Carrie of North County.

and Captain Louis M. Hass of Company V-6175 will appreciate seeing a large attendance on April 2nd and 3rd and if possible notify either of the above gentlemen how many will be in your group so proper preparations can be made.

dres of Tinley Park. Next was a reading "Fiftieth Wedding Anniversary" by Miss Helen Sippel.

Appropriate remarks befitting the occasion were made by Rev. Mr. Mumford.

Floyd and Merrill Cooper took part in the musical program with their mother, Mrs. H. Adele Cooper, Floyd playing a number of selections on the merimba.

The program was closed with a very appropriate selection "The End of a Perfect Day", sung by Mrs. George Gee, Jr.

Mr. and Mrs. Cooper were presented with many beautiful floral gifts. Their sons presented them with fifty beautiful roses, as also did Mr. and Mrs. Elmer Newton. There were ten other groups of flowers from friends.

At the close of the program, refreshments consisting of ice cream, cake, pop and coffee were served.

A beautiful wedding cake replete with gold leaf, etc., was cut by Mrs. Cooper and each guest was given a piece of this cake to take home.

The honored couple are enjoying good health. Mr. Cooper was born in Orland Township, August 30th, 1864. Mrs. Cooper nee Lydia Holstein, daughter of Mr. and Mrs. Charles and Catherine Holstein was born in Orland township in July 1868.

Mr. Cooper who is now retired, served as a member of the Orland Park village board for 15 years.

Western University in their lineup. The local Methodist minister coaches this outfit. Wednesday evening's tilt will bring together the Monday night, first and second game winners. Quarter finals will continue Thursday night with the semi-finals on Friday's card.

Basketball fans can't afford to miss this opportunity to see the game at its best. Let's have support. Following is a complete schedule for the tournament.

March 28, 29, 30, 31, Apr. 1 and 3.
Game No. Monday
1 7:30 Buda-Dyer, Ind.
2 8:30 Offen's Boosters-Hazelcrest
3 9:30 Homewood-Mokena.

Tuesday
4 7:30 Barr Senators-Midlothian
5 8:30 Franklin Park-Orland
6 9:30 Moyer's of Harvey-Joliet Spartans.

Wednesday
7 7:30 Tinley Park-International Harvester
8 8:30 Hemingway M. E.-Glen Eagles

9:30 Winners games 1 and 2
Thursday
7:30 Winners games 3 and 4.
8:30 Winners games 5 and 6
9:30 Winners games 7 and 8

Friday
7:30 Tinley girls play
8:30 Semi-finals
9:30 Semi-finals

Sunday
1:30 Tinley girls play
2:30 Consolation
3:30 Championship

Engaged

Mrs. Bertha Wallace of Mokena, announces the engagement of her daughter Jeannette to Mr. John C. Janke of Chicago March 21st. Their marriage will take place sometime in June.

Frankfort Firemen Get New Badges

The Frankfort Fire Dept. held their regular monthly meeting Tuesday night at which new firemen caps and badges were given to the members. The Frankfort Fire Men will meet the fourth Tuesday of each month at 7 pm. The meeting will be called by one long blast of the fire siren. The Frankfort fire fighters have joined the Community Firemen's Association.

White Store Bids Farewell After 20 Years of Service

Outstanding Wrestling Show At Joliet Saturday

The regular weekly professional wrestling show which is generally held on Thursday nights will be postponed until Saturday night, March 26th Promoter Shaughnessy announced today. The reason for this postponement is that in order to bring Ali Baba the Terrible Turk to the Joliet Chamber of Commerce Arena Shaughnessy had to take the only date available which is Saturday the 26th of March. This "Turk" is very much in demand and the Joliet Promoter feels he is fortunate in being able to have him come to Joliet, Ali Baba is of Turkish ancestry-an learned the art of wrestling in the Far East Arenas. When he landed in this country he found

It is with a keen sense of regret that we chronicle the closing of Will County's widely known famous "White Store" which winds up its career as an enterprising establishment which has rendered a service of merit to all of this section for the past 20 years. This store and its genial owner and proprietor, J. J. Cohen have been a household word thru out the homes of this territory. These two names were synonymous for quality merchandise at low cost.

With Mr. Cohen it was not merely a matter of dollars and cents but it was always his aim and desire to cultivate the friendship of his patrons and he used as a slogan "The Store that Friends Built".

The White store and The News-Bulletin began business only a few months apart. The former, opened up for business in a small store on Cass st. in Joliet in the fall of 1918 The News-Bulletin was established a few months later in 1919 and for nearly 20 years this paper carried the White Store advertisements in every issue.

Mr. Cohen was a persistent and consistent advertiser and found printer's ink paid him big dividends and his advertising attracted considerable trade from this section to his store. During all this time Mr. Cohen never wrote an ad for this paper, leaving this detail entirely up to the editor.

Mr. Cohen was always a friend of labor and of the Legion Boys. All of his friends and patrons will greatly miss not seeing him in business, but their best and sincerest wishes for success in what ever line Mr. Cohen may engage, follow him.

We join with other publications in Will County in paying tribute to the White Store and its Founder, J. J. Cohen, and dedicate this edition to him as a mark of respect and appreciation of past patronage and friendship.

Mr. Cohen expects to go on a six-month vacation, after April first and on his return, will announce plans of whatever activity he may engage in.

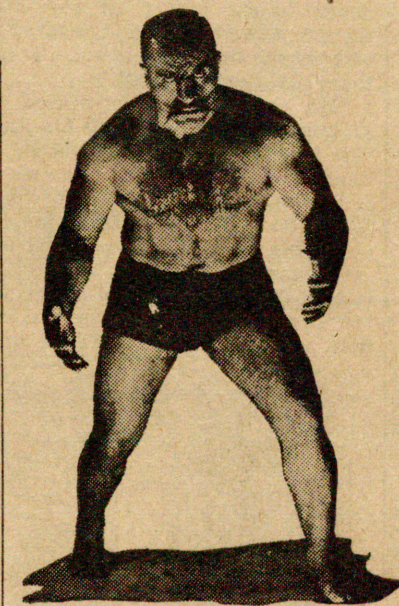

Makes Good In Baseball World

Richard Hearn of Chicago has been visiting his grand father, Richard Hensel in Mokena, this week and at the same time calling on his old school mates. Richard attended school in Mokena in 1928 when he lived with the Hensel's that year.

Since then Richard has gone places. After leaving Mokena he finished grade and high school education in Chicago. During that time he played base ball with a semi-pro baseball team, the Greagin & Merch ant, being a pitcher and in 1936 the team played in a tournament in Elgin where Richard or Dick as he is known to his pals, pitched nine games, winning eight.

It so happened that Doug Minor, a White Sox scout attended this tournament and immediately after the game, seeing how outstanding Dick played, picked him for a White Sox player and signed him up at once, which of course pleased Dick immensely. He was sent to the White Sox training farm at Eldorado, Arkansas where he played all the 1937 season and did fine work there. He is returning to Eldorado on April 5th for a 1938 season training and it is more than likely that he will soon be able to enter some major teams.

The friends in Mokena are expecting to hear some day that Dick is at the top in major baseball fame. All Mokena wishes him success and hope to have him visit our village and school friends again.

Ali Baba

that he could not get any matches in New York or in fact any of eastern arenas. He then enlisted in the U. S. Navy and was instructed in the catch as catch can wrestling by the Navy coaches. When discharged from the Navy Baba still haunted the wrestling clubs but could not get any matches, he offered to take on any of the popular men for as low as fifteen dollars a bout, in the mid-western gyms Baba began to gain some recognition and was given a chance to show his wares.

Reservations can be made by writing Walter Shaughnessy P. O. Box 1039 Joliet, Ill. or may be purchased at the Hollywood Luncheonette and at John McCarthy's Clothing store in Joliet. The first bout starts at 8:15 p.m.

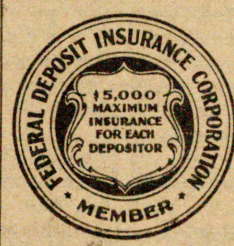

Garden Dept. Present Program

The Garden Department with Mrs. Frank Baldwin as chairman presented the afternoon program of the Tinley Park Woman's club, March meeting Wednesday in the Tinley Park M. E. church.

The Literary circle had a most interesting meeting at their eleven o'clock session at which time Mrs. Graybeal of Homewood gave a number of readings.

Tea was served in the basement of the church, with Mrs. Rene Guindon, Mrs. L. G. Bruder, and Mrs. Wm. Semmler hostesses. The table was decorated with a lace cloth, orchid sweet pease and orchid, pink and green candles the work of the Garden department, with Mrs. Roy Hannum, Mrs. Wolf and Mrs. Bruder in charge for this month. Mrs. Postweiler poured.

CONFIDENCE...

In a bank, is born the reliable service it has rendered in the past: its conservative policy, the substantial amount of its capital and surplus and, above all, the integrity of its personnel. That THIS BANK has measured up to those qualifications is attested to by, by the fact that depositors continue to "back it up" by trusting it with their savings. And their number is constantly increasing, we are happy to say.

CHAPTER XVI—Continued

During 20 minutes they listened spellbound while she talked. At first Margarida Fonseca seemed a volcano on the verge of eruption; while occasionally she protested with a snort of startling volume, to no statement did she deign to voice actual denial. But gradually—very gradually—the scowl began to clear from her brow, her clenched fists relaxed, a gleam of admiration dawned in her eyes and at last the smile Joyce had seen only once before transfigured her expression.

"Ah!" cried the ex-minister of war, and it sounded like a groan of understanding mixed with rage. "It is clear what happened—too clear! Licenciada Fonseca baited the hook, Onelia gladly swallowed it. By abandoning you to your fate in La Barranca without killing Dorado they created an unparalleled international situation which made me totter. One more push would send me over with a crash, and Onelia herself supplied the impulse by facilitating the theft of the howitzers and casting the blame on me. Ah, senorita, you did well by yourself to bring me here today. Ai! Ai!"

Without bothering to take his leave, he rushed from the room. A shadow swept across Margarida's face, but promptly cleared. "Well, chica," she rumbled, "what wouldn't I give to have you for a partner!"

"No more than I'd give to have you for a friend," said Joyce from her heart. "Oh, Margarida, please be my friend."

"No," said Margarida, tossing her iron-gray mane of hair. "Impossible. I detest you gringos—all of you and all you stand for. Your insufferable pride in dynamics as the true and only end of man! Your price labels on everything pertaining to the soul! You jeer at our thieves' market; what about your juries, weighing gold against bushels of injured hearts? I could go on for an hour, but enough is enough. At the end we'd have to arrive at the truth. I love you, chica, my little one, and I've always wished I might have a tiger just your size for a pet. You're adorable."

Dirk's telephoning from the embassy now bore fruit. Pablo entered and whispered to him, withdrew and a minute later came back accompanied by a respectable though threadbare individual. The newcomer seemed nervous, at odds with his surroundings and the company in which he found himself. He had the look of a man whose world has been yanked from under him, leaving him floating in air out of reach of help from heaven or hell. He regarded the ambassador, Joyce and even Margarida Fonseca's arresting presence with lackluster eyes, then turned to Dirk.

"I'm the Reverend Ellerton Jones," he announced in the ghost of a voice. "I understand you sent for me, Mr. Van Suttart, but I'm not at all sure—not at all sure—"

"Sit down, sir," said Dirk, "and let's talk the thing over. This is more or less a family gathering. The ambassador isn't an ambassador this afternoon; he's acting as my father. As for Licenciada Margarida Fonseca, one of the high-lights of the Mexican bar, she's a very dear friend of the girl whom I wish to marry, Miss Joyce Sewell. Surely you'll help us out."

"That's the trouble," said the lost soul doubtfully. "I don't have to tell you, do I? My charge is gone. I have no rights, civil or otherwise—scarcely the right to live. I'm here on sufferance. That's what I meant. I'm not at all sure—"

"Are you in good standing with your church at home?" broke in the ambassador.

"Yes, oh, yes. I'm awaiting my recall; no—that's not quite true, I await the means with which to return."

"As long as you're a regularly ordained minister," said the ambassador, "that's all that the home states of these two young people require."

"Please, sir," said Dirk earnestly, "please, Mr. Jones, do let's be cheerful on this loveliest of all afternoons. You can make Joyce and myself very happy in about five minutes, if you will, and we'll try to do the same by you. Say I send you back home in style—drawing room, airplane, or if you like to drive I'll give you a car. What about it, sir? I don't want to rush you but there are two more clergymen waiting on your decision out in the patio."

A strange wedding if there ever was one. It started on a note of haste and levity, but so moving and powerful are the words hallowed by time and usage to Anglo-Saxon ears that a spirit of reverence swept into the room on wings unseen yet surely

felt. What though the voice of the preacher was the voice of habit, precise in intonation, humdrum in intent; it could not lessen the surge of emotion which took possession of the hearts of his hearers, choked their throats and turned dry eyes luminous. To the sight of the men and the woman present and in the sight of God no longer were Joyce and Dirk arrayed in whiplcord and saddle-stained moleskin, nor yet in silk or broadcloth. They were clothed in light, their faces bathed in a glory from within which presaged a devotion beyond any that lips alone can pledge.

The ambassador put his arm around Joyce, kissed her and stood looking down into her eyes. "My dear, I've never given away a sweeter bride to a more lovable boy." He turned his head to look at Dirk. "What now?" he asked. "When do you intend to return to your job?"

"That's up to Joyce, sir," said Dirk. "I've married her. I mean the whole of me has married her. I've just heard some words I've never heard before in my life—though I and you and everybody else know them by heart. I take them as they stand."

"He means it!" murmured the ambassador and returned his attention to Joyce. "What about it, my dear? I understand you have no use for embassies and all their works. What do you want Dirk to do—shake his job and become a drone?"

"A drone?" gasped Joyce, and caught her lip lest she laugh. She left his side, walked toward a window, and turned. "You're a great

"That's Up to Joyce, Sir," Said Dirk.

ambassador," she stated gravely. "I've known you only an hour and already you stir in me something I'll have to call love—one of the sweeter kinds of love—because there's no other word that comes near it. I can imagine that sort of power doing good no matter where a man walks. If Dirk, like you, is headed toward awaking the love of his fellow man—not of his nationals, his fellow man—what difference does it make where we live, what path he and I take together?"

The ambassador stared at her, then turned very slowly to look at Dirk. "That's your release, Dirk, and I don't mind saying you've cut out a full-sized job for yourself whether you stay under me or go. Want more time to think it over?"

"Yes, sir."

"How long?"

Dirk looked at Joyce and she answered for him. "Long enough to settle with Dorado."

There was a disturbance in the hallway; General Sebastiano, fuming with impatience, opened the door for himself and hastened toward the ambassador. "Excellency," he cried, "I have accomplished much since I left here. I have been closeted with the president himself and return with a budget of news. For your relief let me say at once that our troubles are over."

"Which trouble?" asked the ambassador feelingly.

"All, all," said the general. "Our countries can be at peace as never before and we may yet look upon the incident of La Barranca as a godsend."

"That would be good news with a vengeance," murmured the ambassador. "So it's the president himself who found the solution?"

"A perfect one and so simple it cuts the Gordian knot at a single stroke. What was the situation? A young girl, with the eyes of the world upon her, battling to hold her own property—international dynamite as you yourself admitted. Had my government followed your suggestion of sending a battalion to fetch her out we would have become ridiculous; but reverse the objective and you have a stroke of genius."

"I don't follow you," said the ambassador testily.

"Send a battalion to keep her in," continued the general with slow emphasis. "In short, the president suggests that the government support the Mexican-born senorita Joyce Sewell in the lawful possession of her property, subject only to such restrictions as the national law provides, by every means in the power of the republic. As a first step he has directed me to dispatch at once a sufficient force for the capture of General Dorado—bandit, bootlegger of illicit gold, and purloiner of a battery of howitzers."

"Directed you?" asked the ambassador with emphasis on the pronoun. "Why not General Onelia?"

"Ah, Onelia. The president ordered his instant arrest, simultaneously with my reappointment as minister of war. Incidentally, the traitor is no more."

"You mean Onelia's dead?" cried the ambassador.

"Through his own fault," asserted General Sebastiano sorrowfully, "and only in the last half-hour." Then he added in explanation, "Our regrettable national habit of ley de fuga—shot while attempting to escape from his guards."

Margarida advanced with hand extended. "Mr. Minister," she rumbled, "let me be the first to congratulate you on the resumption of the portfolio you know so well how to administer to your own honor and the honor of our country." She marched onward and turned in the door. "I trust both your excellencies will keep me in mind as a good lawyer though an honest woman."

Historians Given Unpublished Letters

Written by Explorer Meriwether Lewis

Hitherto unknown—or uncon-firmed—sidelights on the life of Meriwether Lewis, co-explorer with William Clark of the Northwest, have been revealed with the bequest to the Missouri Historical society of unpublished letters written by the great explorer and scout, according to a St. Louis United Press correspondent in the Detroit Free Press.

Scholars have been working on the letters and documents, which were given to the society by the late Dr. Meriwether Lewis Anderson, a descendant of Lewis. Anderson died at Richmond, Va.

Included in the group are numerous letters written by the explorer to his mother. One, written in 1795, when he was twenty, was in a semi-apologetic tone for his seeming inability to stay home. He had enlisted with some Virginia troops at the time, and wrote:

"So violently opposed is my governing passion for rambling to the wishes of all my friends, that I am led intentionally to err and then have vanity enough to hope for forgiveness."

"I do not know how to account for this Quixotic disposition of mine in any other manner or its being inflicted by any other cause than that of having inherited it in right of the Meriwether family."

He asked his mother to forgive him on that basis; then promised to let her know of his whereabouts "by every opportunity."

Dirk went out with the clergyman; the ambassador withdrew, arm in arm with the minister of war, each aglow with plans for a rapprochement that would bring glory to both. Joyce, the small cause of weighty matters, was left alone. Standing at a high window she watched their excellencies depart but turned at the sound of a footstep. She and Dirk hung poised for a breathless moment with the room between them. Slowly they moved forward. The days they had spent together seemed to lengthen into years, reaching back into a common childhood and knitting the innermost fibers of their being. Their hands touched, clung, and as they looked deep in each other's eyes the same fear was born in them, the same silent cry: "This is I; if I lose you I'm lost, torn, maimed." Then his arms opened and she crushed herself against him.

"Oh, Dirk! Darling! Dirk!" "Don't worry," he whispered thickly. "I feel it too, Joyce. We won't lose each other, we can't. I love you—all of me loves all of you. Nothing ever can happen to one of us again."

She raised her face, blinding with its incandescence. Their kiss opened the floodgates of the heart and swept their veins with fire. Life with its inevitable pitfalls stretched far and wide before them, but one thing they knew: this was the topmost pinnacle of surrender. Never could they give again what now they gave, never step back out of that world of love to which all other loves are but an echo.

(THE END)

What to Eat and Why

C. Houston Goudiss Discusses CARBOHYDRATES and FATS

Foods That Provide Motive Power For the Body Machinery ★ ★

By C. HOUSTON GOUDISS
6 East 39th St., New York.

THE human body might be compared to a framework filled with machinery. It takes food to build the framework, food to run the machinery and food to keep it working efficiently and this food must be of the proper type.

Last week, I discussed the body building proteins and explained how to distinguish between those which build and repair body tissue, and those

that are adequate for maintenance, but not for growth. It is equally important that you should learn something of the fuel foods which are necessary to fire the body engine and furnish motive power to propel the body machinery.

Fuel Foods Keep Us Alive

The body could not function in the absence of fuel foods any more than a machine could run without power, or a car without gas. Every breath requires an expenditure of energy, and so does every movement—from the beating of the heart to the winking of an eye. Even in repose, the body machinery is kept functioning only by an ever-present supply of fuel. For, as long as life continues—even when you are lying perfectly still—you need fuel to carry on the internal work of the body.

Activity Demands Energy Foods

Every type of daily activity, including work and exercise, requires additional fuel. If you walk slowly, you expend twice as much energy as when you sit still. And when you walk fast, you may use up four, five or six times as much energy.

The chief fuel, or energy producing foods, are the carbohydrates—that is, the starches and sugars; and fats. Protein also has some fuel value, but its primary function is to build and repair tissue.

Carbohydrates are quick burning. They might be compared to the flare of a match in a dark room, which gives bright light for an instant, but is soon extinguished. Fat, on the other hand, burns slowly, like a lamp whose wick is turned low.

Danger of Inadequate Fuel Supply

Recently there has been a tendency to minimize the importance of the fats and carbohydrates, due to the craze for dieting. Some of the results of disregarding the absolute necessity for these foods are extreme irritability, and a greater susceptibility to fatigue, nervous diseases, tuberculosis and other infections.

Too Much Fuel

Causes Overweight

It is true, however, that an excess of fuel foods will tend to produce overweight. For if we assimilate them, and do not utilize their potential energy in muscular effort, they will be stored—as fat—usually in most inconvenient locations! On the other hand, an excess of any food is a detriment. Therefore the goal should be enough, but not too much, of all necessary foods.

Since both carbohydrates and fats are energy foods, one might expect them to play an interchangeable role in the diet. To a certain extent, they do, although fat, being more concentrated, provides two and one-fourth times as much fuel value as an equal weight of carbohydrate.

But because of the variation in the way these materials are handled by the body, it is generally considered that health is best served when 40 to 50 per cent of the total energy value of foods is provided in the form of carbohydrate and 30 to 35 per cent in the form of fats.

Carbohydrates Are Quickest Fuel

Carbohydrates, which originate chiefly in plant life, are readily converted into heat and muscle energy. Foods rich in carbohydrates include bread, potatoes,

macaroni, rice, cooked and ready-to-eat cereals, peanuts, dried and preserved fruits, sugars and syrup.

Sugar furnishes heat more quickly and more abundantly than any other food. But it has a tendency to dull the appetite and is also apt to cause fermentation. Therefore, a large measure of our heat and energy is best secured from starchy foods such as bread, cereals, macaroni and potatoes.

Quick energy can also be obtained from the easily digested sugars of fresh and dried fruits, such as prunes, apricots, raisins and fully ripened bananas.

Here is an interesting and important point which is frequently overlooked in unscientific reducing diets. Fat requires carbohydrates for its proper utilization by the body. That is why women who try to reduce without following a scientifically planned diet frequently become seriously ill as a result of cutting down on carbohydrates while overlooking the fats contained in milk, butter, and other foods.

Relation of Fat To Health

Fats are so necessary to the body economy that it is no exaggeration to say that without fat, life, in its higher forms, is impossible. The noted Arctic explorer, Stefansson, found that he could exist satisfactorily on an all-meat diet, provided he ate liberally of fat. On a diet of all lean meat, he became violently ill within a week.

Besides furnishing concentrated energy values, fats help to create the fatty tissue which cushions the nerves and abdominal organs, and forms the pleasing contours of face and figure.

Because it leaves the stomach more slowly than proteins and carbohydrates, fat retards the digestion of these food groups somewhat, and thus gives staying power to a meal. At the same time it promotes the flow of pancreatic juice and bile, thus helping in the assimilation of other foods. Foods rich in fat include butter, cheese, egg yolk, cooking fats and oils, margarine, olives, pastry, peanut butter, most nuts except chestnuts and lichi nuts, various kinds of sausage and fried foods.

Anger Destroys Fat Reserves

Experiments have demonstrated why nervous, irritable individuals are usually thin, while those with a serene temperament often accumulate weight. It has been proven that anger and fright increase the amount of fat in the blood and remove a corresponding amount of fat from its usual storage place beneath the skin. A fit of anger may take off more fat than an hour's exercise, or two or three days of enforced diet. Thus the person who allows himself to become upset continually withdraws the fat reserve from his body. Such persons could profit, perhaps, by taking more of the fat-forming foods.

But whether the members of your family are good natured, or irritable, young or old, they need a constant supply of fuel foods—at every meal, every day. Fuel foods produce energy—and energy is the motive power of life and work and thought.

THE WORLD AT ITS WORST By GLUYAS WILLIAMS

TAKEN AND SHAKEN

It said plainly on the medicine bottle, "To be shaken before taken." Mother, busy with a hundred and one other things, had forgotten to shake the bottle before giving Jimmy his dose.

"That's all right, Mother," said Jim, "I'll turn a few somersaults."

Cause and Effect

He—What happened when the boss caught you reading a novel instead of doing your work?

She—I lost my place.

Innuendo

"Someone throw an ax at you?"

"Nope, got a haircut."

"Well, sit higher in the chair next time."—Columbia Jester.

PERFECTLY PLAIN

A little boy asked his father why he was bald.

"For the same reason that grass won't grow on a busy street—you know, don't you?" said the father.

"O, yes," replied the boy. "It can't get up through the concrete."—Stray Stories Magazine.

HOUSEHOLD QUESTIONS

Setting Gelatine.—Gelatine salads and desserts will jell faster in metal molds than in enamel, earthenware or glass molds.

Delicious Peppers.—Green peppers are delicious when stuffed with minced chicken and chopped mushrooms.

Sugaring Doughnuts.—To dust doughnuts with sugar place the sugar in a paper sack and put in six doughnuts at a time. Hold the top of the sack together and shake it. The doughnuts will then be quickly coated with sugar.

Lemon Slices in Punch.—Lemon halves and slices are apt to give a bitter taste to punch if they are left in it. It is best to wait until serving time to add them.

Measuring Flour.—Wheat flour is one of the easiest ingredients in baking to mismeasure. For best results always sift flour and measure by spoonfuls into a cup, being careful not to shake the filled cup.

For Graceful Lines.—To make the hips look smaller wear dull finished fabrics. To look more slender wear one-piece dresses. A contrasting blouse and skirt will make you look shorter. The use of jabots or long scarfs will make the bust line appear smaller. Patch pockets make the hips look larger. A contrasting belt will make the figure look shorter.

Dr. Pierce's Pleasant Pellets made of May Apple are effective in removing accumulated body waste.—Adv.

Without Law

In the midst of arms the law is silent.

2 Steps in Fighting Discomfort of COLDS

1. ENTERS BODY THROUGH STOMACH AND INTESTINES TO EASE PAIN.

2. RELIEVES THROAT PAIN RAWNESS.

All it usually costs to relieve the misery of a cold today—is 3¢ to 5¢ — relief for the period of your cold 15¢ to 25¢. Hence no family need neglect even minor head colds.

Here is what to do: Take two BAYER tablets when you feel a cold coming on — with a full glass of water. Then repeat, if necessary, according to directions in each package. Relief comes rapidly.

The Bayer method of relief is the way many doctors now approve. You take Bayer Aspirin for relief — then if you are not improved promptly, you call the family doctor.

As We Sow

Most of us reap exactly what we sow and if we go about sowing nothing but trouble, the harvest is bound to be more trouble. Wheat never yet grew from Canada thistle seed.—Vash Young.

HELP KIDNEYS

To Get Rid of Acid and Poisonous Waste

Your kidneys help to keep you well by constantly filtering waste matter from the blood. If your kidneys get functionally disordered and fail to remove excess impurities, there may be poisoning of the whole system and body-wide distress.

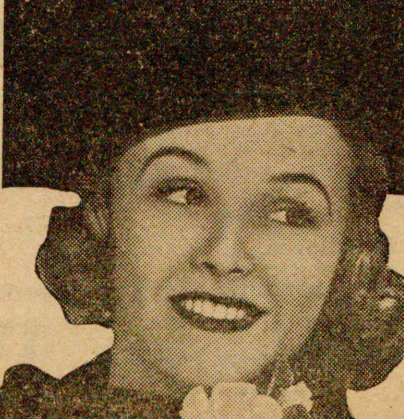

Burning, scanty or too frequent urination may be a warning of some kidney or bladder disturbance.

You may suffer nagging backache, persistent headache, attacks of dizziness, getting up nights, swelling, puffiness under the eyes—feel weak, nervous; all played out.

In such cases it is better to rely on a medicine that has won country-wide acclaim than on something less favorably known. Use Doan's Pills. A multitude of grateful people recommend Doan's. Ask your neighbor!

DOAN'S PILLS

For Dazzling Bright Teeth use Pepsodent with IRIUM

Irium contained in BOTH Pepsodent Tooth Powder and Pepsodent Tooth Paste

● Irium! Irium!... it is Irium that now—days puts more pep into Pepsodent... it is Pepsodent containing Irium that has taken the country by storm! Yes, it is this thrilling new cleansing agent that helps Pepsodent make teeth shine and sparkle with all their glorious natural radiance!... Though Irium puts more pep into Pepsodent... yet Pepsodent containing Irium is ABSOLUTELY SAFE. Contains NO BLEACH, NO GRIT, NO PUMICE. Try it today!

TINLEY PARK

The Tinley Park baseball team will not be in the Southwestern baseball League this year due to lack of local interest and support.

A special meeting of the village board was held Wednesday night to pass on changes in the village building ordinance as regards the size of rooms of new buildings and the material to be used in construction.

Two Democratic rallies representing both factions of the Democratic party will be held the forepart of next month in the Saenger Hall. One meeting is set for April 2nd, the other for April 5th.

George Schreiber visited in Chicago Wednesday.

The annual election of officers to the local board of education will be held April 9th. A president and two members of the board are to be elected.

The Tinley Park Firemen have been invited to attend the meeting of the Community Firemen's Association to be held at Evergreen Park Monday, March 28th at 8 p. m.

Misses Bernice Baxter and Mabel Morrow formerly of the south subdivision now of Chicago, were callers at the Anfield home on Tuesday.

"Spring has come"—George Ahlstrom who has a nursery in the south sub-division, came out Tuesday morning. His home is in Edison Park, Ill.

The Royal Neighbors held their regular meeting March 22nd.

Our Birthday Party committee, Helen Chapman, Anna Clemens and Leila Moss served ice cream and individual whipped cream cakes with a letter of the following on each of the cakes: "Happy Birthday R. N. A., 43 years."

The entertainment for the evening was buncos, the committee being Frances Ceithaml, Martha Dunn, Ruth Cushman and Anna Hopman.

A good time was had by all, 49 members being present in spite of the rainy weather.

Twelve members were instructed with the secret work of the Society. Nellie Ann Mesenbrink, Publicity Chairman.

"Conflicts of Parents Today" is the subject chosen by Mrs. William Bethka, speaker at the April first meeting at the Tinley Park PTA at 2 p. m.

Mrs. Morrison, District Director is to be the guest.

At 1:00 p. m., the Parent Education Study Group will discuss "Conduct is Contagious" with Mrs. Bartholomew as the speaker.

The officers elected at the March meeting for the coming term are as follows:

President, Mrs. Walter Johnson Vice-President, Mrs. Harry Schlut ter.

Secretary, Mrs. Harold Bartholomew.

Treasurer, Mrs. Albert Elmore

The next meeting will be held in the home of Mrs. George Hartman.

A bake sale will be sponsored by Mrs. Hesbol's room with Mrs. Millis as room representative.

Mrs. Florence Anderson, Publicity Chairman.

A GENTLE WAY TO

RELIEVE CONSTIPATION

For years millions of people have been using Rexall Orderlies, the original chocolate laxative, in place of the usual harsh laxatives to secure relief from constipation. Rexall Orderlies act gently, yet thoroughly. Get a pack of 24 for 25c at our Rexall Drug Store—the Tinley Park Drug Store. Adv

ANCIENT PALESTINE GETS RELIGION FROM AMERICA

Odd though it seems, youthful America is preaching the gospel and converting souls in ancient Palestine, birthplace of Christianity.

This anomaly is reported by Walter A. Maier, Ph. D., of Concordia Seminary in St. Louis, who has received a number of letters recently relating how Dr. Maier's coast-to-coast Lutheran Hour broadcasts every Sunday afternoon are performing an unexpected missionary service among the Arabic speaking people of Palestine and Transjordan.

Not that the broadcasts are heard in these distant lands, but an enterprising young native Arabian pastor, John Joseph Bahuth, located in Jerusalem, translates Dr. Maier's sermons into Arabic and distributes them widely among the Arabs in Palestine and Transjordan. As a result, Dr. Maier has received letters revealing a deep interest in the Christian gospel, and reports of a number of conversions.

Plans are now being made to distribute the arabic translations among Arabic speaking traders in Africa.

Dr. Maier speaks each Sunday afternoon over 62 stations of the Mutual Broadcasting System. His audience mail, which recently reached 7,491 letters in a single week, is said to be the highest ever achieved by a religious radio missionary.

It includes letters from Protestants of many denominations, Catholics and persons without any church affiliations.

The Bible is our all. It is the true word of God, to His people, the only word that even sounds as if it came from the other side. If we lose it, we are lost. Are you trusting in God's Word?

THE INFALLIBLE BOOK

Forth from it has sprung all sweet charities. It has been the motive power of regeneration and reformation to millions of men. It has comforted the humble, consoled the mourning, sustained the suffering, and given trust and triumph to the dying. The wise old man has fallen asleep with it folded to his breast, the simple cottager has used it for his dying pillow and the innocent child has breathed his last happy sight with his fingers between its promise freighted leaves.

The Bible is our all. It is the true word of God, to His people, the only word that even sounds as if it came from the other side. If we lose it, we are lost. Are you trusting in God's Word?

CHRISTIAN SCIENCE CHURCHES

"Matter" was the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, March 20.

The Golden Text was, "Tremble, thou earth, at the presence of the Lord, at the presence of the God of Jacob" (Psalms 114:7).

Among the citations which comprised the Lesson-Sermon was the following from the Bible: "Oh that my words were now written! oh that they were printed in a book! That they were graven with an iron pen and lead in the rock for ever! For I know that my redeemer liveth, and that he shall stand at the latter day upon the earth" (Job 19: 23-25).

The Lesson-Sermon also included the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "The one important interpretation of Scripture is the spiritual. For example, the text, 'In my flesh shall I see God,' gives a profound idea of the divine power to heal the ills of the flesh, and encourages mortals to hope in Him who healeth all our diseases" (p. 320).

Orland Park, Ill.

Phone Orland 136 J-1

● Not only does the New 1938 Frigidaire provide Safer Food Protection... More Convenience...greater Ice Ability...and Longer Life. But it provides all these, and *saves you money*, too. Because Frigidaire with the New Silent Meter-Miser saves you money in *every way* there is to save... *all 4 ways!*

- ① **SAVE MORE ON CURRENT . . .** New Silent Meter-Miser SAVES up to 25% MORE on current cost than ever before! An electric meter proves lower operating cost—before your eyes, before you buy!
- ② **SAVE MORE ON FOOD . . .** Now you can keep amazingly larger quantities of food safer, fresher, longer than ever before! The Food-Safety Indicator on the door proves this before your eyes, before you buy!
- ③ **SAVE MORE ON ICE . . .** Now—make ice cheaper than you can buy it! Freeze tray after trayful of cubes, desserts and other dishes at lower cost than ever before! You see the proof—before your eyes, before you buy!
- ④ **SAVE MORE ON UPKEEP . . .** New Thermo-Sealed Cabinet . . . lasting finish . . . New Silent Meter-Miser—5-Year Protection Plan on entire sealed-in mechanism, backed by General Motors . . . all give positive assurance of longer, trouble-free life.

SEE
New **BEAUTY!**
New **FEATURES!**
New **ECONOMY!**
New **ICE CONVENIENCE!**
New **STORAGE CONVENIENCE!**
New **EXCLUSIVE ADVANTAGES!**

AND REMEMBER...YOU MUST
Save all 4 ways
OR YOU MAY NOT SAVE AT ALL!

Don't risk hidden extravagances. One loss may wipe out 3 savings. Some refrigerators may cost little to run, yet fail to keep food safe or freeze enough ice in hot weather. Others may keep safe temperatures, but only at excessive operating cost. And still others may "eat up" so much in servicing and repairs that their puny savings in other ways are wiped out—completely!

Frigidaire offers all 'round savings, *all 4 ways*—and proves it!

Come in to our showrooms and see the *proof*—before your eyes—before you buy!

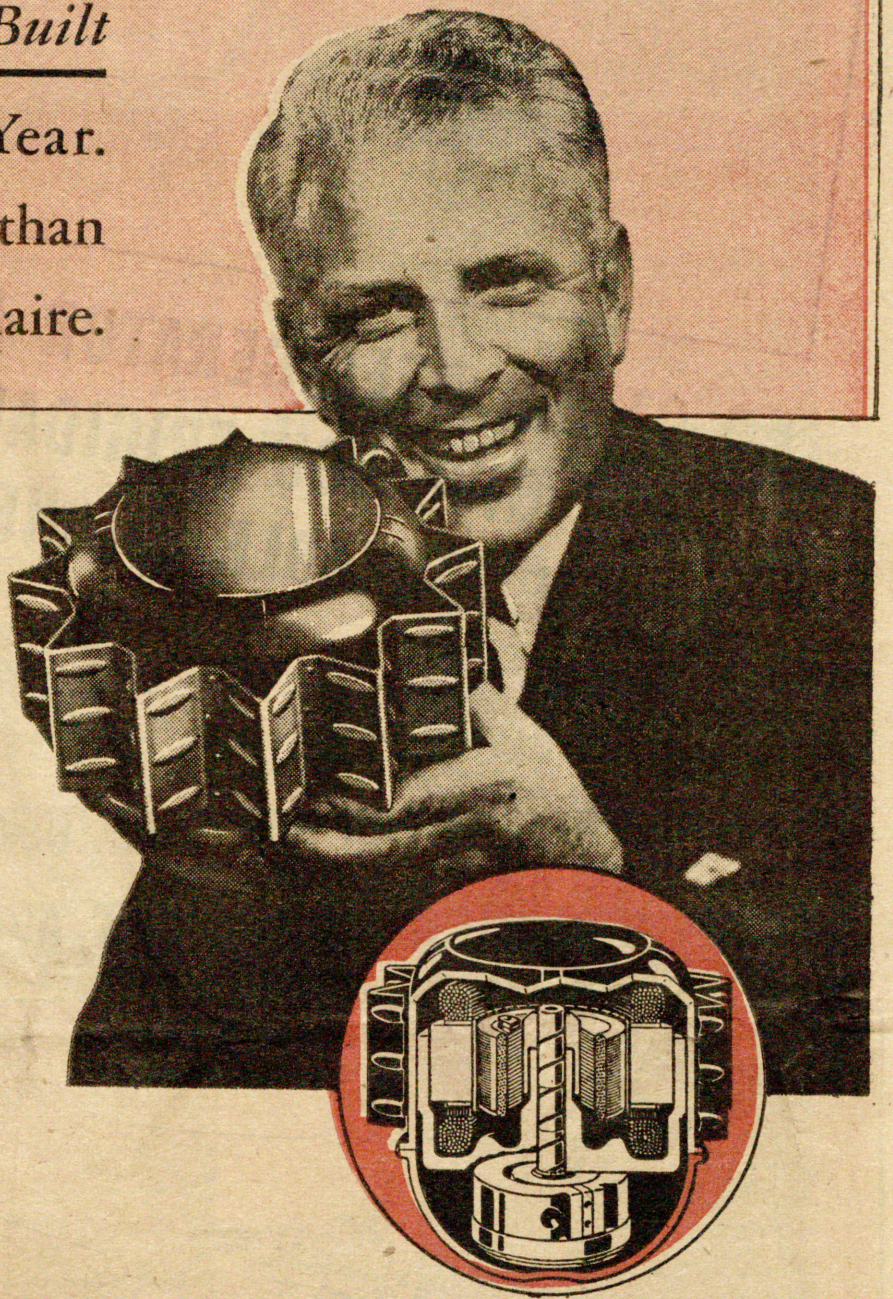

SEE FRIGIDAIRE FIRST
and Save!

THE NEW *Silent* METER-MISER

Simplest Refrigerating Mechanism Ever Built

Runs Silent, Trouble-free Year After Year.
Saves up to 25% More on Operating Cost than
Even Last Year's Current-Saving Frigidaire.

● Meet the New Miracle Maker of Cold! Saves up to 25% more on electricity than even the current-saving Meter-Miser of 1937! And *proves* its simplicity . . . by ear! So amazingly silent you can't doubt its ability to give long, economical, trouble-free service. Completely sealed! Automatically oiled and cooled! Comes with 5-Year Protection Plan backed by General Motors. Year after year, it silently goes on doing giant's work on a pygmy's ration of current! Saves you more than ever before on current—food—ice—upkeep . . . All 4 Ways! See—hear—the PROOF at our showrooms.

ONLY FRIGIDAIRE HAS IT!

NEW *"Double Easy"* QUICKUBE TRAYS

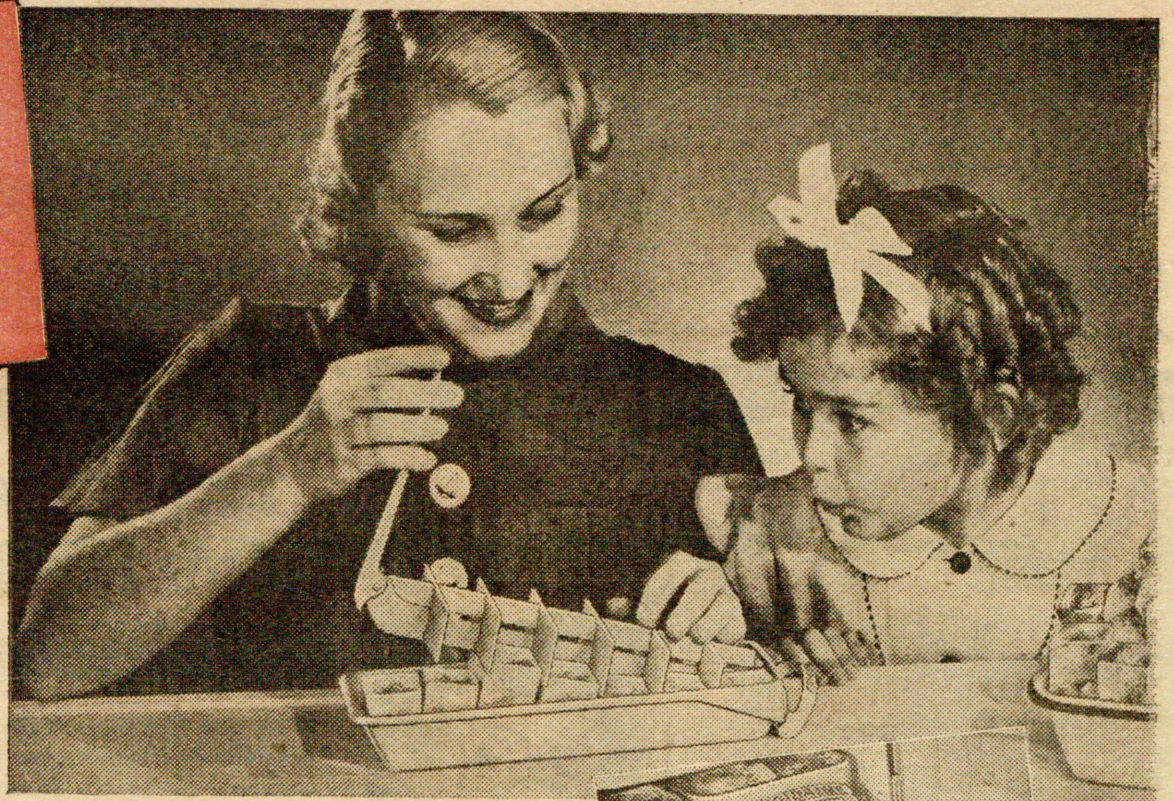

ONLY FRIGIDAIRE HAS THEM!

Every Tray in Every Model . . . Instantly Releases Ice Cubes Without the Bother and Waste of Melting Under a Faucet.

Frigidaire's Quickube Tray is Called "Double-Easy" because:-

- 1 A touch of the Finger Loosens Tray
 - 2 A flip of the Lever Releases the Cubes
- Just a light touch of the finger on Frigidaire's Automatic Tray Release loosens the tray from freezer shelf, no matter how tightly frozen.

Just one simple lever to lift and the ice cubes are released instantly . . . 2 or a trayful, as you need them. And Quickube Trays freeze ice faster, cheaper, because they are *all-metal* . . . Save 20% more ice because they end wasteful melting under a faucet. The greatest, most economical ice convenience of all time. Come in, try them yourself!

MADE ONLY BY GENERAL MOTORS

Behind the FRIGIDAIRE *nameplate*

An important consideration when purchasing a refrigerator is the company behind the product. Frigidaire with the New Silent Meter-Miser is made only by General Motors—one of the largest industrial and research organizations in the world. And the Frigidaire Division of General Motors is the world's largest manufacturer of mechanical refrigerators.

Year after year, as a result of research in the great Frigidaire and General Motors Laboratories, Frigidaire has led with the major advances in electric refrigeration. That's why more people prefer Frigidaire year after year. Today, more than four and one-half million Frigidaires have been sold—proof of outstanding leadership.

MARLEY

MISS FRANCIS GILLETTE

Mr. and Mrs. Otto Baohslaw of Chicago visited Mr. and Mrs. Alphonso Kohl Sunday.

Mr. and Mrs. Ernest Eaton spent Sunday at the A. J. Cleveland home.

Mr. William Moore of Chicago Heights visited Monday at the Mervin Moore home.

Mr. Louis Biedenkopf and Mrs. Clara Rolfe of Worth visited Monday at the Alfred Sproat home.

Royal Corp is ill in his home.

Sunday, Mr. and Mrs. Mervin Moore and Ramona spent the day at the home of Mr. and Mrs. Leon Boyd in Joliet.

Mr. Earl Bostrom of Midlothian visited Sunday with his parents, Mr. and Mrs. Chas. Bostrom.

Mr. Lawrence Hyder of Plainfield, Michigan had his right hand taken off in a corn sheller. Mr. Hyder is the son-in-law of Mr. and

Mrs. John F. Cutler, former Marley residents.

Weekend guests at the A. R. Kercheval home were Mr. and Mrs. Wilbur Rapson and daughter Beverly of New Lenox.

Mrs. J. O. Marshall and Mrs. Mervin Moore attended the RNA Bunco party in the home of Mrs. David Lockwood in New Lenox Monday afternoon.

Mr. and Mrs. Harry Loucks of Chicago visited his father Milton Loucks recently.

Sunday visitors at the Chas. Lauffer home were, Mr. and Mrs. Chas. Lahmann, John Handorf, and Geo. Bruhn.

Mr. William Storm and Bob and Bruce of DeKalb visited Sunday at the home of Mrs. Elizabeth Haley.

Mr. and Mrs. Walter Granger and daughter Meredith of Oak Park were Sunday visitors of Mr. and Mrs. A. R. Kercheval.

Sunday visitors in the Edward Marshall home were Mr. and Mrs.

Stanley Coe, Mr. and Mrs. Clarence Wilmington, Mrs. Frank Storm and John Cutler.

Next Sunday evening the Sunday evening club meeting will be in charge of Earl Cutler.

On Friday evening, April 1, the Gleaners will sponsor a dance in the Colonial ballroom New Lenox.

Mervin Moore received word of the death of his uncle, Leonard Pease in Glendale, Cal. Mrs. Pease was the former Marge Moore. Mr. Pease contracted taint poisoning from the recent floods in California.

Mr. and Mrs. Arthur Lauffer were Sunday evening dinner guests in Lockport at the home of Mr. and Mrs. Robert Boland.

Mrs. Mervin Moore and Ramona attended the Tom Thumb wedding given by the Primary Dept. of the Oriand Park grade school, Tuesday evening.

Bower-Bird Likes Blue

When the satin bower-bird of Australia builds its bower, or playground, it invariably decorates it with blue-colored articles, notes a writer in Collier's Weekly. One such bower contained 178 blue bags, stolen from a near-by laundry, several pieces of blue glass, a bunch of bluebells, some blueberries, a blue hair ribbon, a blue railway ticket, and a blue card.

MOKENA

Victor Demkov entertained a group of young people in his home on Wolf Road, Saturday evening. Various games were played and dancing was enjoyed after which the host's mother served refreshments. A pleasant evening was enjoyed.

Mr. Chas. Geuthe, who has been ill with pneumonia and who has returned from Silver Cross hospital, is not improving as rapidly as is desired.

Lois, daughter of Mr. and Mrs. Peter Mancke who has been very ill in Silver Cross hospital, returned to her home Tuesday morning.

Elsie Hellmuth underwent an appendicitis operation in Silver Cross hospital Saturday morning.

Mrs. Walter Homering of Lockport, former Mokena resident, underwent a major operation in Silver Cross hospital Saturday morning.

Mr. and Mrs. Albert Cappel drove to Minneapolis, Minn., Saturday where they attended the funeral of the latter's uncle, Henry Krusemark on Sunday. They returned to Mokena Monday.

Dinner guests in the Wm. Semmler home Sunday were: Mr. and Mrs. Arthur Bopp of Evanston, Mr. and Mrs. Theo. Oestreich and Mr. and Mrs. Hugh Deadmore of Joliet and Mr. and Mrs. Robert Bechstein of Mokena.

Born last Thursday, a son to Mr. and Mrs. Ervin Marti at the Silver Cross hospital in Joliet.

Charles Smith who has been wintering in Florida returned home a week ago. He reports a perfect sojourn in the Southland.

Mr. and Mrs. Don Hall, Jr., who have been spending the winter in Mississippi City, Miss., expect to return to Mokena next week.

Word has been received that Julius Grothendick who has been in a soldiers home in Wisconsin for sometime, suffered a stroke of paralysis the past week. Mr. Grothendick was formerly mail messenger in Mokena. Mrs. Grothendick who has been quite ill in her home here, is somewhat improved.

Otto Bartel represented the Mokena State Bank at a bankers meeting in Aurora, Monday.

MOKENA SCHOOL NEWS

The Primary room is planning the assembly program to be held April 1st. Every day during the free period the children are working hard to learn their parts. We made clothes lines, using real material cut into shapes to show the wind blowing. They were pasted on paper on which clothes posts were drawn with crayon. The room is decorated with a Dutch scene for March.

T. Intermediate News
A spelling match was held last Friday afternoon in the Intermediate room. Robert McGreabor was the winner in the Fourth Grade.

Because several pupils in the Fifth Grade remained standing the contest will be continued next Friday. The sixth grade enjoyed dramatizing a story in their own readers. "How Boots Befooled The King."

Lois Mancke a pupil of the fifth grade is ill in the Silver Cross hospital. All the pupils of the Intermediate room wish her a speedy recovery and will be happy to have her back in school again.

Junior High News

We are glad to have new pupils. Esther and Alvin Lauffer, enrolled in the Junior High Room.

High School News

Rehearsals have begun for the high school play which will be given next month. The title of the play and the cast will be announced later.

The history and civics classes have been very interested in the recent events in Austria and other parts of Europe. Several students in the civics class are making scrapbooks of current events.

The algebra class is taking up the study of graphs and the students are making daily observations of various things upon which to make graphs of their own.

Sports News

The Marble Tourney is now in session. The following boys have entered: Gordon Benson, Gordon Spiess, George Merrick, George Rinke, Marvin Kohl, Kenneth Benson, Kenneth Stermer, Billy Bruns, Elvin Schoenack, Melvin Krapp, Lester Stermer, Walter Hentsch, Nick Heiman, and Melvin Nordsell. The winner of this tourney will go to Joliet, April 9th, for the tourney which will decide the champion of Will County.

The baseball teams will start to practice this week.

Administrative Comment

The attendance and tardy cases for the past month are as follows:
Primary attendance 94.45%
Intermediate attendance 97.04%
Junior High attendance 96.15%
High School attendance 94.00%
Tardy primary 3; Junior High 1.

Banking Group Elect Officers

Members of Group Two of the Illinois Bankers association in which Mokena is located, elected officers for the coming year at their annual meeting in Pontiac recently.

B. J. Schwoeffermann, president of the Citizens National Bank, Chicago Heights, was elected president, L. E. Beckman, president of the First Trust and Savings Bank, Kankakee, was chosen vice-president, and W. G. Penn, vice-president of the Grundy County National Bank, Morris, secretary-treasurer.

Plans for the coming year and the campaign for the proposed amendment of the Illinois constitution to place state banks on the same footing with national banks with respect to shareholder liability were discussed.

Typical cholera-sick hogs. Note weakness, and hogs piling up.

Cholera Prevention—the Farmer's Best Investment

Probably the greatest single hazard the average hog raiser faces is the threat of cholera. Killing an average of twenty million dollars worth of swine each year, it strikes without warning, and there is no cure, once a hog is infected with the disease.

Yet thirty years ago, scientists perfected a usable, practical preventive—and if every hog raiser would use it, we could stamp out hog cholera in this country in a short time.

The preventive is known as the double-immunization method. The hog is simultaneously inoculated with both serum and virus, and hogs thus treated are generally immune from cholera for the rest of their lives.

However, two important factors must be watched in giving the treatment. First, the hogs must be in proper condition. Second, they should have proper care and feeding for several weeks after vaccination. These are two of the many reasons why the treatment should be given only by a veterinarian, and the hogs should be thoroughly inspected by the veterinarian both before and after immunization in order to prevent complications.

The best time to have hogs immunized is around weaning time. They are easier to handle, the immunization costs less, and the protection generally lasts for their lifetime.

Wise farmers now make it a practice to have their new hog crop vaccinated against cholera each spring. In the long run, it is many times cheaper than having a whole herd wiped out by a sudden outbreak.

JAMES C. BELL

Merits Your Support

BELL by education and business experience is eminently qualified for the office of County Treasurer. A graduate of Joliet Township High School and University of Illinois (Business Administration and Finance with fourteen years of active business experience.

BELL understands the problems of the rural citizen in meeting his tax bills and will render him every consideration in the office.

BELL knows the difficulties and problems of the taxing bodies and will make prompt distribution of all funds collected by the office, thereby saving the issuing of tax warrants with their attendant interest.

BELL is aware of the necessity of protecting the money of the taxpayer. He has no alliance with any bank.

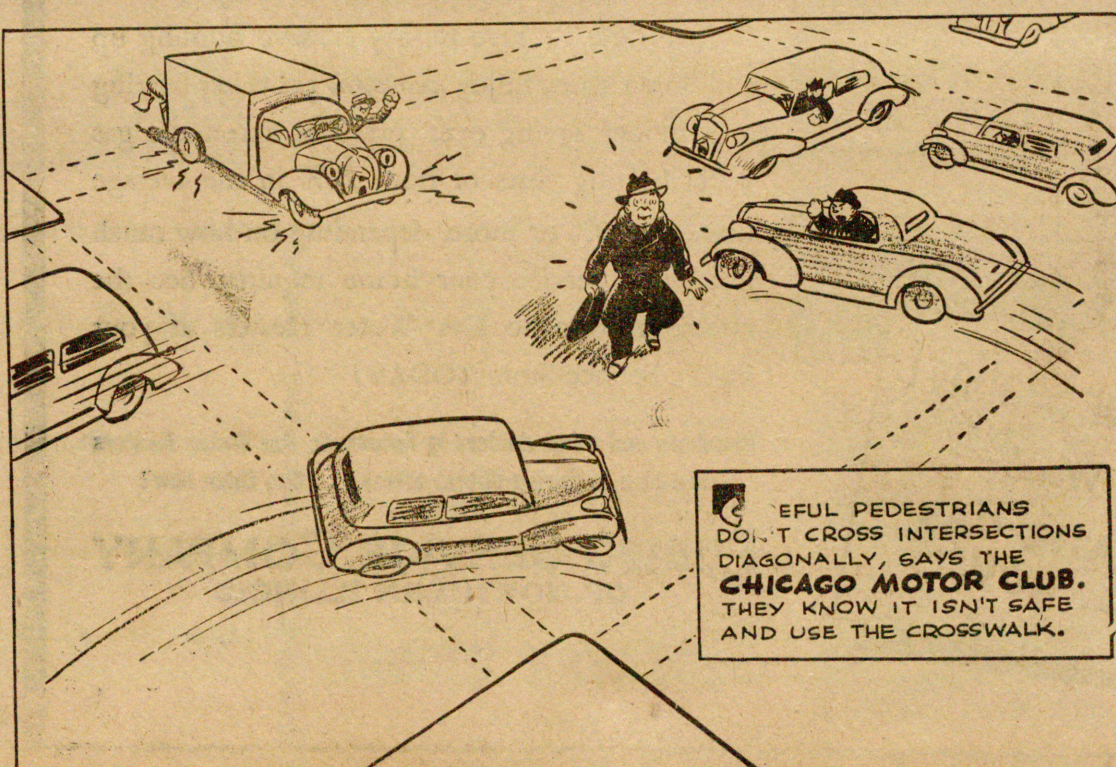

BELL has the confidence of his fellow citizens. He has been President of Joliet High School Band; President of the Illinois Student Union; Commander of Harwood Post, the American Legion. President of the Will County Reserve Officers' Association, Chairman of the Will County Centennial Parade Committee, and active in numerous other civic affairs. During the past ten years he has been instrumental in bringing to Joliet dozens of conventions and meetings of farm, labor, fraternal, patriotic and business organizations. He is District manager of the Equitable Life of Iowa for past 12 years.

BELL has been active in support of the Republican party and its candidates, working in their interests at all times. He has never held an elective office.

A VOTE FOR BELL IS A VOTE for ECONOMY IN PUBLIC OFFICE

JAMES C. BELL For County Treas. Com.

"PEDESTRIAN POINTERS" SUGGESTED BY THE CHICAGO MOTOR CLUB

Importance of Infant Corn Seedling Root Structure

We have all seen how the well fed, quick growing thoroughbred that never loses its calf fat matures early into a more desirable animal than its companion whose feeding was stunted in infancy.

With plants that have strong early seedling root structure we have noted their advantage all thru their life period. The rootlets of the seedling become the root trunks of the subsequent root feeding system and the storage of reserves accumulated during the vegetative period is the measure of the subsequent yield. As these root trunks constitute the major portion of root reserve storage, we can see at once the importance of the strong early seedling rootlets.

Let's consider the method of wheat propagation in China, where the food problem of its millions of inhabitants is such a serious affair. In China, soils have been depleted for centuries and as Dr. Hopkins has stated, "Millions have never experienced the enjoyment of a full meal or all they could eat." In China women perform the burden of field tillage, pulling the plows because their food supply is too limited to provide food for beasts of burden. Humans must perform all of the field labor.

To get the maximum yield from wheat, wheat seedlings are propagated in special seed beds to which all the available fertilizing materials are contributed, including every vestige of human excreta and then after vigorous root systems are developed the individual wheat plants are transplanted to the fields by countless women laborers. One can readily see that the plan in the seed propagation beds is to develop root systems that are the stronger and more capable of foraging for all plant food possible in a poor phosphorous deficient soil that has been depleted for centuries.

It can be remarked here that it

is just to avoid the plight of these unhappy Asiatic populations that our Government is now instituting a consciousness of, and a plan for soil conservation, though many of us are too short visioned to read the lessons of other unfortunate and unhappy foreign groups to cooperate in providing for our own future individual and national welfare.

A further illustration of the importance of early root structure can be had by considering the following problem:

Suppose we want to plant some fruit trees on a nearby hilltop having very poor soil—too poor to produce a ton but because of its location we think would make a very convenient and suitable orchard, although we know that the trees on this poor hilltop will have to dig and forage for their living and growth. In our selection of trees, for this poor hilltop we have a choice of two nursery groups or the same seedling and scion origin but one group was grown on high phosphorous soil to develop vigorous root structure and the other on poor, phosphorous deficient, unierate soil. The scions were cut from the same tree and grafted in the same manner on seedling stocks that had a common origin. No differences whatever that the nursery bed in which one group was grown for transplanting was high in phosphorous and the other nursery bed group on very low phosphorous soil.

We further know in the transplanting of fruit stocks or fruit trees that it is the root systems that have to withstand the hardships and injury of transplanting. They must be protected particularly from injury and over drying. The tops can suffer to the point of amputation or removal and the tree plant system will grow but the roots are the life of the organism and if destroyed means its end. Consequently, in our choice of plants or identical germ plasma origin but from a different nursery soil environment, one high phosphorous developing extensive root growth, the other low phosphorous with corresponding

deficient root growth, which would you select for planting when laying out your orchard on the poor clay hill that was deficient in phosphorous? Which would make the best fight for existence and first reach maturity with fruit yield?

The problem is no different than the selection of hybrid corn seedlings in which you have a choice of seed matured on high phosphorous soil that makes an embryo with the maximum of phosphorous for development of the rootlet system of the seedling or of hybrid seed corn grown and matured on phosphorous deficient soil when you wanted a hybrid corn seedling that would make the best fight for life and produce the most yield on a soil that was possibly low in phosphorous because of previous years of industrious tillage and cropping. What you want is the plant that will forage the best and make the highest yield on your soil.

You may then say how can you tell or identify the phosphorous advantages of the seed you are to select for your present year's planting, and the answer is by investigating the soil on which the hybrid seed you expect to use was grown upon. True, you can't tell it by the pictures on the bag or the printing on the tag, you've got to go back to the soil on which it was grown. Neither can you tell the pedigree from the symbols, letters, or figures that indicate the hybrid number unless such hybrid number has a known pedigree, such as for instance, the pedigree of Thomson's Top-Yield Pfister 366 which had for its mother parent a single cross of inbred 159 x inbred 187 and for its pollinator a single cross of U. S. D. A. "A" x U. S. D. A. 90. Had the mother plant and the pollinator been reversed, that is, the seed grown on A x 90 and the pollen 159 x 187, the seed obtained from this reverse parentage would grow the same corn on your soil. There is no mystery in hybrid corn and there is every reason why every grower should know all about it instead of swallowing through faith a lot of sales assertions or infer-

ences from a bag labelled with mysterious letters and symbols.

You of your own knowledge know the 366 pedigree and you know the ground it was grown on just as in the selection of a thoroughbred where you know the sire and the dam, the individuals that were back of such and the stables they were reared in.

No one is going to issue an insurance policy guaranteeing our exercise of good judgment in the economic decisions we have to make in our farming affairs. We ourselves have to develop the practices of sound procedure that are least likely to lead us into unknown territory and unsuspected pitfalls. We are changing over from our open pollinated to seed corn of hybrid origin and our wish is to follow the paths that will lead with the greatest certainty to highest yield and quality with stalk standability.

The majority of English words are of Saxon origin.

The School Problem

By BERNICE VAN der VRIES
Member of the Education Committee,
House of Representatives,
General Assembly of Illinois

What is the matter with Illinois schools? The glaring inequalities of educational opportunity emphasized in the recent federal committee report have their counterpart in many sections of Illinois. We have in Illinois some of the finest schools and some of the poorest largely in proportion to the wealth or poverty of the area in which the schools are situated. A recent report of the Advisory Committee of the Illinois Education Commission which was appointed to study the entire Illinois school situation, stated that the present disparity between the wealthiest and the poorest district of the state is represented by the ratio of 250 to 1. The same report details nearly 10,000 school districts of one room each, with an average daily attendance of less than fifteen pupils, and more than 2000 school districts with an average daily attendance of less than ten pupils. The cost of education in the smallest pupil enrollment was \$747, whereas the average of all one-teacher schools was \$50 per pupil.

Ninety-six per cent of the school districts of Illinois are of such small size that they are unable to establish both elementary and secondary schools. Hence, there has been established overlying high school districts. Also many wealthy areas escape taxation or are able to supply funds much more plentifully than the smaller rural areas. Still further, there is much creaking and inadequate machinery through township organizations, which might be abolished or improved in efficiency. In all, there are more than 2,000 school districts in the state.

The present method of school support is primarily through local property taxes, levied by the individual school districts. This support depends upon two main factors:

1. The value of the local property both real and personal as assessed for taxation and (2) the rate of taxation applied.

School boards are uniformly permitted a tax within the limits of \$1 per \$100 of assessed valuation for educational purposes and 37½ cents for building purposes and upon a vote at a public election they can increase these maximum rates to \$1.50 and 20c respectively, and under certain circumstances they can increase the educational rate to as high as -1.80. The one exception to this is the non-high school district which does not own school buildings or operate schools but sends its children on tuition to operating high schools. Here the rate is only 50c, or by referendum it can be raised to 75c.

Many school districts have found themselves in acute financial distress because of the great decrease in the assessed valuation of real property in their districts. In many cases the decrease has amounted to three or four hundred percent. For example one school district in Cook County which in 1929 had an assessed valuation of \$1,800,000.00 and on the same tax rate and on a 100 percent collection would have yielded \$41,000, in 1936 had an assessed valuation of \$1,800,000 and on the same tax rate and on a 100 percent collection would have yielded \$18,000 for local schools, finds itself in 1936 with twice as many pupils to educate and the number increasing every year. This is a problem which almost brings on nervous collapses to conscientious officials who try to make budgets balance.

In addition to the school funds raised by local taxation, the state pays yearly to elementary schools about \$11 per pupil as a flat grant. The high schools do not receive this grant. Here is a flagrant inequality. Where elementary schools cannot produce enough through local taxes and through the flat grant to make \$41.00 per pupil, the state assists through what is called an equalization grant so as to bring the total per pupil up to that figure. The total amount of state money contributed to accomplish these ends is about \$13,000,000 annually. Increases in this fund have been suggested in every session of the General Assembly. The amounts of the suggested increases vary, but often have been placed at about \$29,000,000 per year. It is now estimated that to give high schools a flat grant of \$8 per pupil, and to apply equalizing funds sufficient to bring the aid to elementary schools up to a total of \$51 per pupil and high schools up to \$38 per pupil would take about \$4,250,000 additional to the present appropriations.

It is not surprising in view of the financial problems of the schools that local interest in education is frequently in the ratio of expectation of aid. Gatherings of teachers, administrators and school board members are attendant largely in the degree that there are promises of assurance that the local school is to be helped out by some benign authority higher up. In other words, by indirect taxation that tax-payers do not think they pay, simply because they do not know about it. It is on this score that Governor Horner both in his administrative powers and through his spoken word has enunciated a policy to which educational interests in the state are beginning to pay attention. Generally speaking, his attitude is that the home community shall do its ultimate toward the support of schools before the state steps in to aid.

I shall discuss in my next article in detail the recommendations of the state school commission upon which Governor Horner bases his policies.

FRANKFORT

Mrs. Herbert Kohlhaugen

Mr. and Mrs. Leo Peterson are the proud parents of a daughter born to them Friday March 18 in the Harvey hospital. She will be a playmate to Paul, their son.

Ronald, son of Mr. and Mrs. Clarence Warning, was slightly injured last Saturday when he was hit by an automobile while running down the bank of the viaduct west of town.

Mrs. Kathrine Lankenau celebrated her birthday Sunday in home by giving a dinner to her children and their families.

Kathryn Lambrecht who is suffering with an abscess in her ear is improving nicely.

Mrs. Floyd Lankenau and son Jerry of Dearborn, Mich., are visiting here with while Floyd is in New York on a business trip.

Mr. Carl Groomman was ill with a severe cold the past week and is now able to be out again.

Mrs. G. S. Gerhold returned home last Saturday from Silver Cross hospital where she underwent treatment by Dr. Woodruff for cataracts on her eyes. We are hoping for her complete cure.

Mr. and Mrs. Louis Krusemark received word last week of the sudden death of their nephew Henry Krusemark at Minneapolis, Minn.

Mr. and Mrs. H. Mell of Buckley, Ill., called on Mr. and Mrs. J. Buck and Mr. and Mrs. A. Minger Sunday.

Mrs. Katrine Bankow who is enjoying a vacation with her brother in California, has sent cards the past week to her relatives and friends.

On Sunday March 20, the daughter of Mr. and Mrs. Stanley Johnson of Joliet was baptized in St. Peter's Evangelical church by Rev. G. S. Gerhold. The name given was Janice Mae. The sponsors were Miss Florence Sheer and Mr. Virgil Johnson.

The Royal Neighbors are sponsoring a bakery sale in the Harry Balchowsky store on Saturday March 26. At this time they will award a beautiful hand made quilt.

The Ladies Aid of St. Peter's Evangelical church will give a chile con-carne supper in the church after their business meeting. Those serving are: Mesdames, Kathrine Lankenau, Albert Minger, Walter Minger, Homer Smith, Arthur Geuther, Gilbert Voss, Jerry Hossbach, Herman Weichbrodt, Geo. Elser, and Edw. Warning. In the evening all are asked to attend the lenten service.

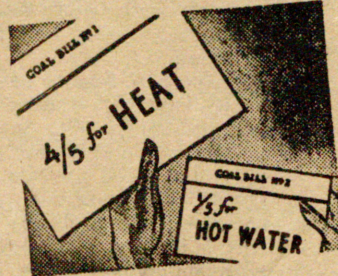

The Amite Sewing Club will be entertained by Mrs. Walter Pfaff, on March 29.

Thomson Top-Yield Pfister Hybrid Is A Hybrid of

KNOWN PEDIGREE AND KNOW INHERITED INBRED CHARACTER. You saw it grow on high phosphorous soil in Frankfort Township, which best assures a quick germinating, vigorous seedling with that early growing root structure that will make the greatest headway in your soil. It is adapted to Will County vicinity soil and climate. Seed graded accurately for close hill count control. Lowest acre seed cost with standability and highest yield. Planter seed plate numbers now determined for John Deere and McCormick Deering planters. Planter plate determinations for other planters will be ready by March 15. We have grades that permit an acre seed cost as low as 30 cents per acre.

GEORGE THOMSON
FRANKFORT, ILLINOIS

NEW LENOX

By Dolores Walsh

The concluding shower in an enjoyable series of social affairs, honoring Miss Ruth Bethel, who will be married to Earl G. Ulrich Saturday March 26, was given last Thursday afternoon at a miscellaneous shower in the home of Mrs. John Jensen of Joliet with Mrs. Clarence Hoffman as co-hostess.

Bingo was played and prizes were awarded to Mrs. Sydney Batson and Mrs. J. Jensen who in turn presented them to the honored guest. The home was beautifully decorated with peach and blue streamers, Miss Bethel was seated in a Morris chair which belonged to her grandmother and which was prettily decorated in the prevailing colors. Here the many and beautiful gifts were presented to the bride elect. Mrs. Jensen was assisted in the serving of refreshments by Mesdames, Hoffman, Gilbert Warner and Fred Zuttermeister. Twenty-two guests were present.

Mr. A. W. Walsh who has been ill in his home the past week, is able to be about again.

Mr. and Mrs. Ben Mellema announce the engagement and approaching marriage of their daughter, Sue, to Mr. George Pearce, son of Mr. and Mrs. Hubert Pearce of Joliet. The wedding will take place on April 30.

Miss Adeline Reed is residing in Chicago with her sister, Mrs. Fred Walters.

A large crowd attended the Democratic rally in the Colonial hall Wednesday night.

The Young People's Club of the M. E. church will meet at their monthly party in the home of Mr. and Mrs. Chas. Meyers, Saturday night March 26.

Mr. and Mrs. Hubert Ewing and son spent Sunday in Chicago with the latter's sister, Velva Frantz.

Members of the Royal Neighbors were entertained at a bunco party Monday afternoon in the home of Mrs. David Lockwood. Eight tables were in play and prizes were awarded to Mesdames, Will Drake, Geo. Marshall, Wm. Sayers and John Speuhler. The lodge's quilt was awarded to Mrs. Jack Goadby. Refreshments were served.

Mrs. Dorothy Osmes was hostess to the Pirates Pinocle club in her home Monday night. Prizes were awarded to Mrs. Alfred Emily, Raymond Brown, an Mrs. Edw. Mangun and Edw. Mangun. A traveling prize went to Mrs. Raymond Osmus. A waffle supper was served after the games. On April 7, Mr. and Mrs. Raymond Brown will entertain.

Mrs. Viola Corp who has been quite ill at her home is rapidly improving.

Edward Kestel who has been a patient for several weeks in the Brannon Memorial hospital at Manhattan has returned home.

Mr. and Mrs. Albert Schmuhl entertained the W. E. S. club at their home Saturday night. Pinocle was played and prizes went to Mrs. Geo. Woodcock, Fred Sievert, Mrs. Hazel Sievert, and Frank Valey. A traveling prize also went to Mr. Sievert. Mr. and Mrs. Will Drake will receive the club in two weeks.

Mrs. Wilbur Walsh was hostess Thursday afternoon to the Afternoon Pinocle club.

Mr. and Mrs. Will Drake had as their guests last week, Mr. Drakes niece, and family, Mr. and Mrs. Arthur Blair and son Jimmie of Cedar Rapids, Iowa.

Mr. and Mrs. Wilbur Walsh, Mr. and Mrs. Charles Reeser, and Mr. and Mrs. Fred Sievert were guests Tuesday night of Mr. and Mrs. A. W. Walsh. Cards formed the evening's diversion and following the games refreshments were served.

Mr. and Mrs. Ben Mellema entertained in their home Tuesday night. Cards were played and refreshments served. Those present were: Mr. and Mrs. Joseph Kestel of Manhattan, Mr. and Mrs. Louis Hoffman and Mr. and Mrs. Geo. Woodcock.

Miss Eileen Rose Woodcock is spending two weeks in Chicago with her aunt Mrs. Anna Dillon.

Mrs. Clyde Batson and infant daughter, Diana Joy, returned home Saturday from Silver Cross hospital to the home of her parents, Mr. and Mrs. C. H. Smith.

Mrs. Kenneth Petersen returned home Monday night from Minneapolis, Minn. where she spent a few days with Mr. Petersen who is working for the Rubberoid Company. The New Lenox Library is open only on Tuesday and Friday after-

noons now from one until five o'clock.

The Ladies Aid Society will entertain at a social tea next Thursday March 31 at the home of Mrs. Joseph Brisbane with Dr. Jeanette Holt assisting. The public is invited and all are asked to bring a friend.

Walter Sayers is ill at the home of his parents, Mr. and Mrs. Will Sayers with pneumonia.

Mrs. John Embling was hostess Wednesday afternoon to the B Square club. Airplane bunco was played and prizes went to Mrs. Melba Harris, Mrs. Edna Collatz, and Mrs. Olive Frick. Next Wednesday the group will meet with Mrs. Esther Engles at her home at 313 Lime St. Joliet.

Mr. and Mrs. Burton Gillette and son Ronald spent the week end in Chicago with Mr. and Mrs. Charles Everett Pugh.

Mr. and Mrs. Thomas Pugh and family have moved to Joliet. Mr. and Mrs. Edw. Osmus and family have moved into the house vacated by them.

Mr. and Mrs. William Collatz entertained at a birthday dinner Wednesday evening in honor of Mrs. Octavia Pugh. Guests were: Mrs. Pugh Harold Pugh, Mr. and Mrs. Alfred Engels and daughter Joyce, Mr. and Mrs. Collatz and daughter Carol.

All persons indebted to said estate are requested to make immediate payment to the undersigned.

Dated this 14th day of May, A. D. 1938.

ANNA F. KLANCHER
Executrix, as aforesaid.
Albert H. Krusemark, Attorney.
Mar. 18-25. Apr. 1.

FRANKFORT

IN MEMORIAM

In memory of Jacob P. Breidert who passed away two years ago today, March 29, 1936.

Your memory Father is as dear today as in the hour you passed away.

DAUGHTERS

ORLAND

The Orland Park PTA at a recent meeting elected the following officers for the ensuing year:

President, Mrs. Lawrence Uthe
Vice-President, Mrs. George Cox

Secretary, Mrs. Ralph Town
Treasurer, Mrs. Howard Hewson. The next meeting of the PTA is to be held the first Thursday evening in April at 8 p. m., at the school auditorium.

The Orland Park fire department was called out by a fire call from Palos Park Monday night and upon arriving at the scene of the fire it was found the fire had already been put out.

Mayor Wm. Kollman has begun building operations on the basement for his new home.

The village board will hold their semi-monthly meeting next Monday evening.

With the close of the basketball season baseball is next in order.

The Orland Park school students have been playing indoor baseball and volleyball the past week.

Plans are being made for holding open house in the manual training department of the Orland Park public school on the night of April 20th. The work of the pupils is to be exhibited. Watch this paper for more particulars regarding this meeting.

The students of the Orland Park public school is preparing material for the annual commencement exercises to be held June 4th.

The Wabash railroad has petitioned the Commerce Commission for a permit to close the 166th street crossing north of the old depot at Alpine and last week a number of Orland Park people were called in to Chicago to the hearing on this petition before the Commerce Commission to give testimony as to whether or not the crossing in question should be closed. Former supervisor Charles Doctor was called as a witness. The Commission has taken the matter under advisement and will render its decision some time next month.

Introducing the opening of the Main Beauty Shoppe east of Budink building in Mankowski Bldg., 406 Main Street, Lemont, Estelle Hodcr.—adv.

The St. Patrick's dance sponsored by the Orland Park Legion Post at Goodings Grove last Thursday night was very well attended and was a most successful event.

ORLAND PARK HIGH SCHOOL

The sophomores held a meeting last Thursday at which they chose members of the class to write their history, prophecy and will. The following students were elected:

Class History—Marie Heiting and Bill Davidson.

Class Prophecy—Norman Yunker and Laura Wagner.

Class Will—June Martin and Robert Miller.

Last Friday afternoon at 2:30 the Biology class went on a field trip. The chief purpose of the trip was to see what different kinds of birds had returned from the South.

Music Appreciation hour last week consisted of folk dance music of various countries.

The girls in Art Class will begin making booklets entitled "My Summer Wardrobe" this week Thursday.

During the last few days of spring weather, ping-pong has been forgotten, and the girls and boys have been out playing soft-ball during recreation periods.

Town Meeting

NOTICE IS HEREBY GIVEN to the legal voters, residents of the Town of Orland, County of Cook, Illinois, that the ANNUAL TOWN MEETING of said Town will take place TUESDAY, THE 5TH DAY OF APRIL, A. D. 1938, being the first Tuesday of said month.

The Town Meeting for the transaction of miscellaneous business will be held at the hour of 2:00 o'clock P. M. at the School in District 136. Given under my hand this 23rd day of March, A. D. 1938.

ELMER NEWTON,
Town Clerk.

Alpine

Dear Editor:
I am running for Mayor of Alpine. Please lend a hand with a vote; And also a friend you may tote; I know we'll get on fine. Assessments we'll decline; No taxes at all, please note I'm running for Mayor of Alpine. Please lend a hand with a vote. Hurry and get into line: Ride to the polls in your boat; Make my opponent a goat; While above the aeroplanes whine: I'm running for Mayor of Alpine.

CHARLES R. BLOOD

Alpine was rudely startled the other night! Ben Rickerman's alarm clock went off at midnight.

Mr. Roberts was surprised when he cut a live wire with a pair of scissors.

Dr. Fenwick notes the progress of the construction of his house each week from his airship.

There's a movement on foot to build a community xystos.

It is reported we will have an airport soon.

LINCOLN ESTATES

Mrs. R. Fisher.

Mr. and Mrs. John Pinkstaff and son of East Chicago, Indiana, spent the week end with Mr. and Mrs. C. J. Fisher.

Junior Gill, Jane Deveny and

Vivian Gill of Chicago were guests in the Ed. Gill home Sunday.

Mr. and Mrs. Joe Stepanck of Cicero, were guests last week in the Ed. Hermanek home. Other guests in the same home Sunday were: Mr. and Mrs. E. Japa and Mrs. Mraz and daughter of Chicago.

Mrs. R. M. Fisher and daughter Lois spent last Wednesday in Hammond, Ind.

Geo. Kwaver of Chicago called in this vicinity Sunday.

Chester Johnson and Clarence Sluiter of Willow Springs, Ill., were callers here Sunday.

The pupils of School District 156A enjoyed a holiday Monday while the teacher had the privilege of visiting other schools.

Miss Anita Haskell of Chicago Heights visited with Marjorie Fisher Sunday.

Mr. and Mrs. Bill Jackson and son were week end guests in the C. Murray home.

Mrs. Jerald McLean and daughter and Mrs. Edw. Hermanek and daughter spent Saturday in Joliet.

HOMER

A 4-H Club was organized in the Goodings Grove school Friday afternoon under the leadership of Miss Evelyn Kopelman. Eight members have joined. The next meeting will be held in the school house Thursday afternoon April 7, at four o'clock. Anyone who wants to join the club, may do so at that time.

Following a short business session the election of officers followed: President, Earl Kopelman; Vice president, Peter Smith; secretary, Bernice White; treasurer, Eleanor Kopelman; recreation committee, Franklin Homerding, Lila Smith; program committee, Marilyn Hartman and Shirley Braasch.

Some of the members will raise dairy calves and sheep, while others will take up the various branches of the poultry project.

A name for the club is to be selected at the next meeting.

The 13th annual meeting of the Pure Milk Association was held at the Auditorium theatre in Chicago on Tuesday. The Joliet local chartered two buses and took 48 members and their wives to the meeting. Those attending from Homer were: Mr. and Mrs. Dean McClintock and Mr. and Mrs. Fred Kopelman.

Stewart Ormsby who has been visiting in the H. B. Reed home returned to his home in Belleville, N. Y.

The Dramatic Club met in the basement of the Congregational church Tuesday evening for its regular monthly meeting. The April meeting will be held in the church with the following committee in charge: Betty Hartman, Norman White and Lois Hartman.

Miss Edna Myers fell Tuesday and broke her ankle.

Rita Lynn spent the past week with relatives in Lockport.

Mr. and Mrs. George Ott have announced the marriage of their

daughter Lois to Frank Hartman. They were married at Crown Point, Indiana, Sept. 18, 1937. At present the young people are living in the George Ott home.

Tuesday evening a group chartered the couple. Later in the evening refreshments and dancing formed the diversion for a party in the town hall.

A large crowd attended the dance at the Goodings Grove Hall, which was sponsored by the Orland Park Legion Post, Thursday night. Carl Handorf was the lucky one to win the door prize.

Guests in the home of Mrs. Grace Piggott Thursday were Mrs. F. Rivers of Chicago and Mr. and Mrs. R. Boldt of Midlothian.

Mrs. Walter Lynn is spending this week at Gary, Indiana.

The monthly Community Club party will be held in the town hall on Friday evening. The committee in charge consists of Mr. and Mrs. Walter Konow, Mr. and Mrs. Le Roy Voltrath and Mr. and Mrs. Maurice Paddock.

Sunday morning at nine o'clock in the St. Joseph's Catholic church in Lockport, the infant son of Mr. and Mrs. Burton Reiter was christened. The name given the wee babe was William Edward. The sponsors were Mr. and Mrs. Edward Beaver.

Miss Emily Anderson, Miss June Milton, Mrs. Frank Hartman, Jr., Mrs. Owen Ott and Mrs. Harper Reid spent Friday in Chicago.

Mrs. Arthur Hewitt and daughter Ila Mae are enjoying a vacation in Iowa.

Guests in the George Ott home Sunday were Mr. and Mrs. Frank Hartman, Sr., and daughters Betty and Marilyn, Mr. and Mrs. Owen Ott and Mr. and Mrs. Michael Ott of Lockport.

A group of 15 ladies representing the Bible Class of the Homer church attended a Bendix Laundry demonstration in the electric shop of Clarence Beagley in Orland Friday afternoon. Those attending were Mrs. Robert Burch, Mrs. Reed Burch, and daughter Carol, Mrs. Will Ross, Mrs. Christel Koehler, Mrs. J. T. White, Mrs. Fred Paddock, Mrs. Gordon Reid, Mrs. Guy Gump, Mrs. Otto Konow, Mrs. Myrtle Stout, Mrs. Fred Kopelman and the Misses Julia and Edith Tilsy and Margaret Lunn.

Mrs. Grace Piggott has been on the sick list.

The monthly meeting of the Good Luck Camp of the Royal Neighbors No. 2214 was held Thursday afternoon at the hall in Goodings Grove. After the business session, bunco was enjoyed and prizes were won by Mrs. John Welter, Mrs. Andrew Welter, Mrs. Will Lister, Mrs. J. Donahue and Mrs. Jerry Parker. Mrs. Viola Welter and Mrs. Listre will comprise the social committee for the next meeting.

Mr. and Mrs. Barney Welter and family were guests Sunday at the latter's mother in Lemont.

Wallace Morrison is seriously ill in his home in Lockport.

Mrs. Ira Anderson and her father, Mr. H. Burch motored to Chicago Saturday and spent the day with Mrs. Margaret Perry.

The quarantine for scarlet fever in the home of Mr. and Mrs. Leonard Heusing has been lifted. Donald, the small son, who had the disease, has fully recovered.

The Wayside Workers Circle of King's Daughters will meet in the home of Mrs. Walter Paddock on Thursday afternoon, April 7. Mrs. Rowley will be assisting hostess.

Mr. and Mrs. Edwin Hank are the parents of a baby boy born on Sunday, March 20.

Mr. Edward Worst and son Billy were guests Sunday at the home of Mr. and Mrs. Fred Blodgett.

PALOS PARK

The people of Palos Park extend their sympathy to the Munch family in the death of Mr. Henry Munch. 83 years old, 131 street & South-west highway, who passed away March 16 in the Little Company of Mary hospital. Mr. Munch had been struck by a motorist as he was on his way to meet his daughter at the Southmoor station of the Wabash on February 18. He is survived by his wife, Elizabeth, nee Pettijohn, Munch, two daughters, Mrs. Charlotte Sandkevitz and Elizabeth; and three grand children, Christ Munch, Mrs. Helen Taylor and Mrs. Delia Bush.

Orville, Verna, Erlene and Mr. and Mrs. John Murray, after attending the Lemont theatre Sunday visited at the home of Mr. and Mrs. Martin Battenhouse, the latter's parents who are ill in their home.

Betty Nicholls, Earl Wojie, Irving and Ralph Battenhouse visited in the John Murray home in Palos, Sunday evening and later accompanied by Marian Murray visited at the Raymond LeMere home in Chicago.

Lorraine Kriz underwent an operation for appendicitis Monday evening.

Jane Muhlhausen has been invited to attend the meeting of the Palos Juniors which will be held in the home of Shirley Haack, 124 street & 82nd avenue, next Friday evening.

The St. Patrick Dinner given by the men of the Palos Park Community church proved to be a big success. The entertainment was a moving picture, "The Realm of the Honey Bee", given by Carl Olson of LaGrange. The music was furnished by three boys from Oak Lawn and Henry Johanson.

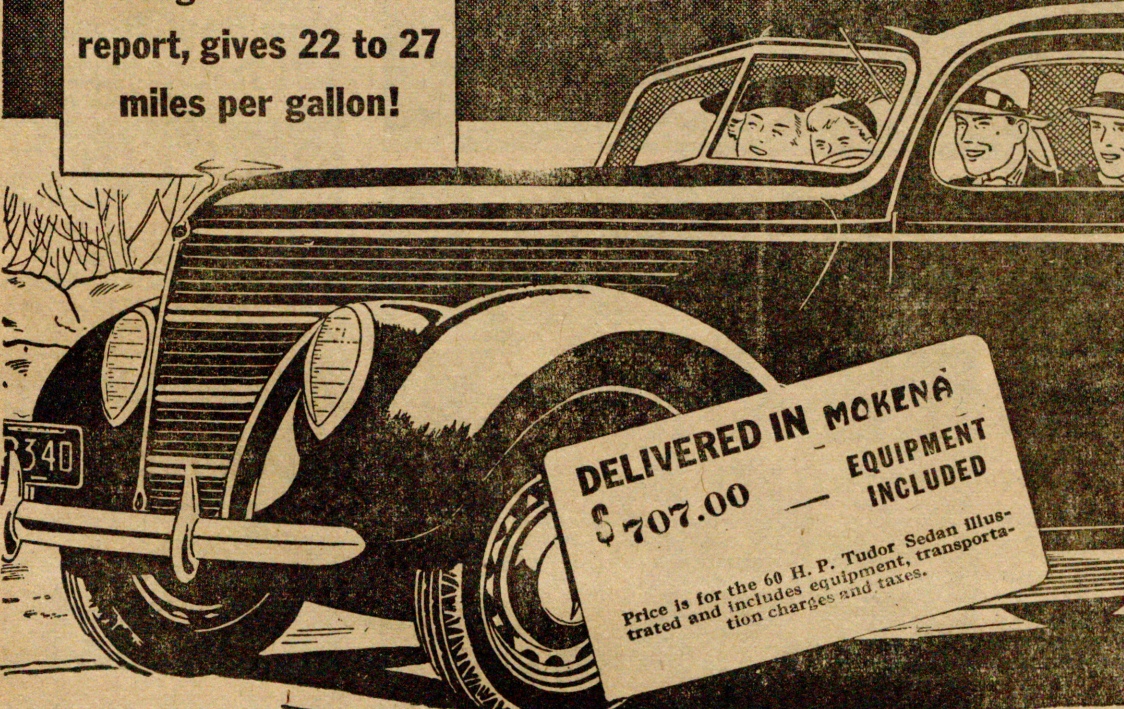

The Literary discussion group met at the library Thursday afternoon at 1:30 o'clock. There was a story hour for children following the discussion.

Aviation Adopts 'Blind Man's Buff' To Teach Pilots Instrument Flying

No man is endowed with more than one pair of eyes, but ingenious aviation engineers are doing their best to make Nature out a piker. Radio, modern worker of miracles, has now made flying almost fool-proof; "beams" guide the pilot through dense fogs and super-human instruments do their work unerringly. So that pilots will be equipped to "help" the instruments, most major U. S. airlines give their aviators special training. Pictured here is the system used by Eastern Airlines.

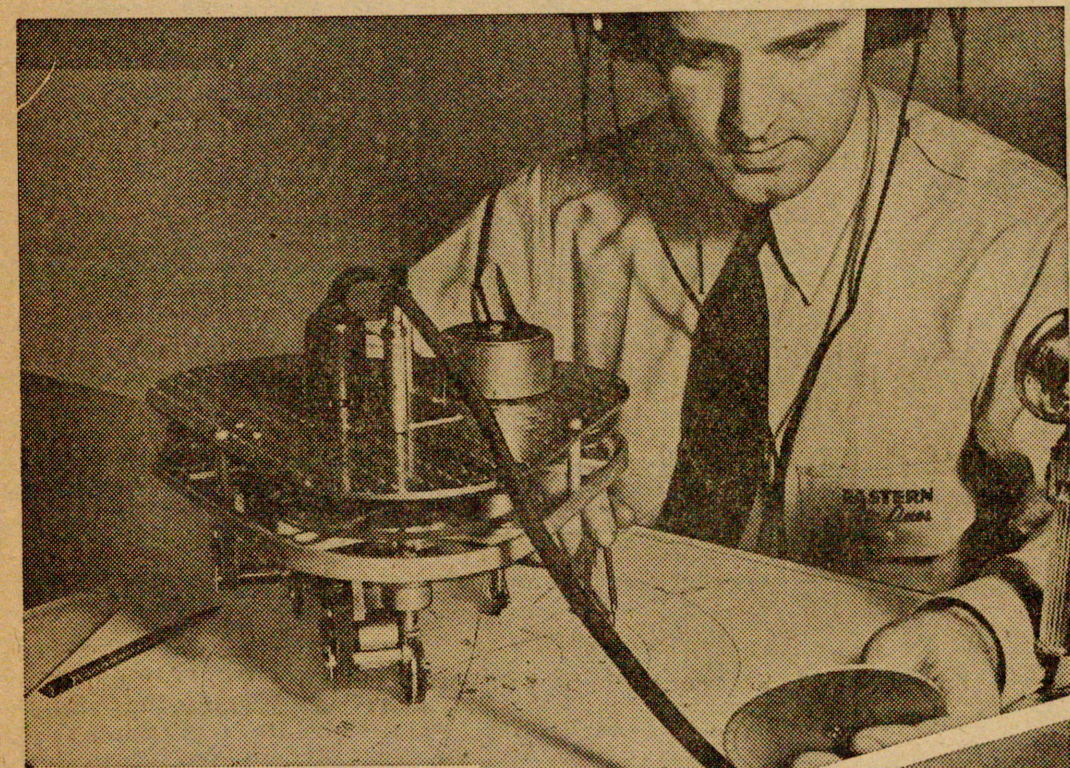

At regular intervals every month each pilot must take time off to visit the New York office and squeeze into the cockpit of a "dummy" airplane. A miniature affair, this plane is perched on a fixed foundation in a small room, and can be put through maneuvers exactly like those of a giant transport ship. A vacuum motor makes enough noise and vibration to give the full effect of actual flying.

In charge of this unique mechanism is a trainer who knows, probably better than anyone in the organization, the individual flying aptitudes of various pilots. But the "blind flying" lessons are taught so thoroughly and repeated so often that every aviator knows his job thoroughly. It is the trainer's job to transmit radio signals to the pilot, "blindfolded" in his cockpit a few feet away.

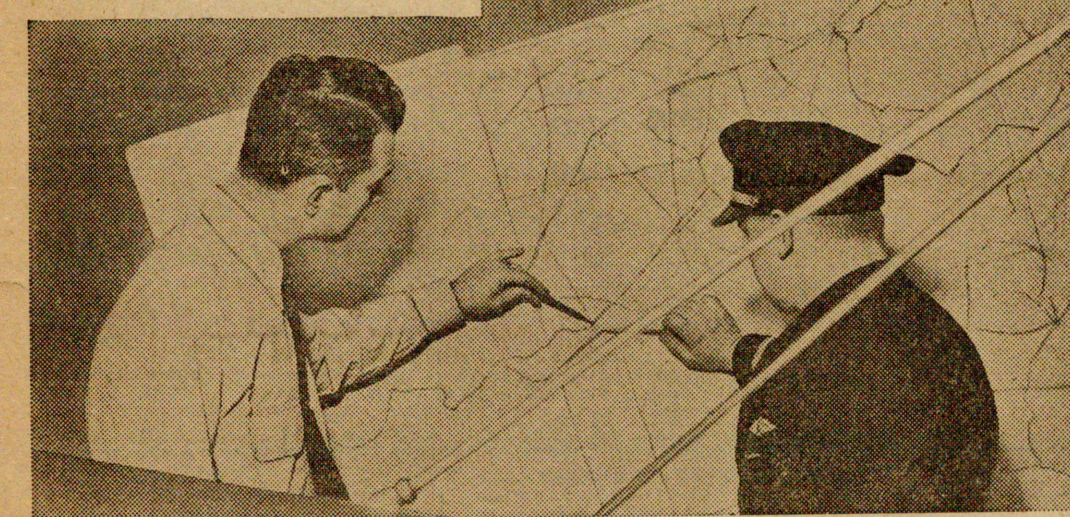

1 The big steel circle is a radio range finder, adjustable to any angle to permit the pilot to keep his plane on a course set up by constant radio signals. The range finder is regu-

lation size but the cockpit is undersized. Above, the pilot gets his instructions from the trainer. Below, he climbs into the cockpit, and prepares to play "hide-and-go-seek."

2 The trainer at work during flight. The instrument on wheels traces the course of the "plane," recording every slight maneuver.

3 In a drawer of the trainer's desk (right) is a two-way radio station through which he communicates constantly with the "plane." Occasionally he moves about the room with a portable sending set and makes the pilot find him. This keeps the pilot trained to finding his way back on the course should his plane stray off. Left: After it's all over the student is shown his mistakes. Each Eastern Airlines pilot must "fly" five hours a month in this room.

Simple Patch Makes This Quilt Block

Pattern 1583.

Get out your scrap bag and get ready to start your Calico Cat quilt. Each cat patch measures about 4 by 8 inches and is so easy to apply. You'll be delighted with its colorfulness. Use it on a pillow too; it's very effective. Pattern 1583 contains accurate pattern pieces; a diagram of block which serves as a guide for placing the patches and suggests contrasting materials; complete, simple instructions for cutting, sewing and finishing, together with yardage chart; diagram of quilt to help arrange blocks for single and double bed size.

Send 15 cents in stamps or coins (coins preferred) for this pattern to The Sewing Circle, Needlecraft Dept., 82 Eighth Ave., New York, N. Y.

GREAT— GREAT— GREAT— GREAT— GRANDCHILDREN

Pedigree Ferry's Seeds are often developed and improved for six, eight, and even ten generations before they are sold. Year after year, at the unique Ferry-Morse Seed-Breeding Institute, the best flower and vegetable plants are selected from each year's experimental crops, and their seeds planted for still another improved generation. By this process, desirable characteristics are strengthened, weaknesses eliminated.

And Ferry's Seeds must prove they will grow. So the Institute makes 50,000 tests for growing ability each year before packaging—and tests each variety for trueness to type!

Ferry's Seeds have grown the finest flowers and vegetables in your locality for years. Assure your garden a perfect start this year—choose pedigree and tested seeds from the Ferry's Seeds display in your favorite store. 5c a packet and up. 1938 NOVELTIES too! Ferry-Morse Seed Co., Detroit, San Francisco.

Ask Me Another

A General Quiz

1. What city is called the Mother of the World?
2. Government meat graders recognize how many grades of meat?
3. How many cities have the city manager form of government?
4. Are there any stingless honeybees?
5. What was the longest national convention of the Democrats or Republicans?

The Answers

1. Cairo.
2. Five grades: (1) Prime, (2) choice, (3) good, (4) medium, (5) plain.
3. There are now 465 cities and 7 counties using this form of government. Staunton, Va., started the movement 30 years ago.
4. There are several species of stingless bees native to tropical and subtropical countries, but they produce very little honey.
5. The longest national convention of a major party since 1880 was the Democratic in 1924, lasting 17 days before the Davis-Bryan ticket was nominated.

NERVOUS?

Do you feel so nervous you want to scream? Are you cross and irritable? Do you scold those dearest to you?

If your nerves are on edge, try LYDIA E. PINKHAM'S VEGETABLE COMPOUND. It often helps Nature calm quivering nerves. For three generations one woman has told another how to go "smiling through" with Lydia E. Pinkham's Vegetable Compound. It helps Nature tone up the system, thus lessening the discomforts from the functional disorders which women must endure.

Make a note NOW to get a bottle of world-famous Pinkham's Compound today WITH-OUT FAIL from your druggist—more than a million women have written in letters reporting benefit.

Why not try LYDIA E. PINKHAM'S VEGETABLE COMPOUND?

DORIS DENE'S
COLUMN

Pre-Arranged Matches
Seldom Satisfactory
for Lack of Love.

DEAR DORIS DENE: I am twenty-two and the man I am to marry is twenty-six. For certain reasons our two families are very anxious that we should marry. We are not in love with each other but respect and admire each other. My parents tell me that there is a chance of our falling in love after we're married. I only hope this is true. I have talked things over with my fiancé and he has agreed that it might be a good thing to talk over the situation with an outsider. Please give your opinion.—Mary F.

ANSWER—It's a pity that these nice arranged-for marriages don't go through as per schedule. It would be so comfortable if we could just allow our parents to fix us up with a suitable life-companion whom we would promptly fall in love with once the wedding bells had rung.

Nothing could be more satisfactory than a state of affairs in which neither the boy nor the girl had to take the responsibility of deciding what constituted a perfect marriage. Think of all the worry and anxiety to be avoided if the match could be arranged by somebody else—and guaranteed to bring everlasting happiness!

But alas, it doesn't work out. Men and women don't fall in love with each other after they're married. The fact of their being bound together doesn't cause them to feel greater tenderness and love for each other. On the contrary it more than likely makes them restive and disagreeable. Without love to help them over that discontented feeling, they are merely two miserable misfits, tossed into matrimony.

Marriage doesn't make devoted lovers of two good friends. Too often it makes enemies of erstwhile sweethearts. Even the most ecstatic couples find that their early married life is a series of painful discoveries about the human weaknesses and foibles of the beloved. Imagine then the threefold misery of early married life with a man you don't love enough to forgive his faults and irritating ways.

Sometimes a woman can persuade herself into being in love with the husband who is good and kind to her. Woman is a possessive sort of creature who hangs on to what she's got and even learns to build a few illusions about it.

DEAR DORIS DENE: I am one of five children. I help to support my mother who is aging. The other children are married and have left home. I have been engaged for four years but have not seen my way clear to marrying yet as we can't afford a nurse for mother and she can't be left alone. Now I am wondering if it is not my duty to give up marriage and stay home permanently with my mother. My brothers and sisters help support her so they are not being unjust. I have tried to puzzle out what my duty is, until my head aches. Can you tell me what is right? My sisters think I should remain, my brothers advise me to get married.—S. J.

ANSWER—Few men could be callous enough to tell a sister that her duty was to give up love and stay home with an invalid mother. But the female of the species has often absolutely no compunction about urging a good-natured sister to put aside romance and all the pleasant things of life and tread the straight and narrow path of duty. The more comfortably married the adviser is, the more strenuously she advocates spinsterhood for her sister.

Ask yourself, S. J., why it is your duty and yours alone to take the full responsibility for your mother's well-being. Why aren't some of her other daughters ready to assume their share of the burden? Their answer is of course that their husbands and their children come first. But you can point out clearly that but for your sense of duty and your refusing to desert your post you might even now have your home and husband and children to take care of.

I honestly see no reason why you should be the family martyr. I don't believe the role would suit you. You couldn't go on being brave and sweet and noble through weary years of service—not unless you're a born saint. In time you would come to understand fully the injustice of your fate and then you'd resent the well-wishers who assured you that you would find perfect happiness in a needless sacrifice.

Certainly men and women have attained real peace of mind through giving up their lives to someone else. But their sense of achievement has helped toward their peace of mind. You, S. J., could not have that sense of achievement, knowing as you do that with a little management and planning, the care of your mother could be evenly apportioned throughout the family so that no one son or daughter was given more than his share of the responsibility. You will be bound to feel one day that your sacrifice was unnecessary, and nothing is more bitter than the realization that one's splendid self-denial has been futile.

And what about your duty to the man who's waited for you for four years? Are you forgetting all about him? Doesn't his opinion count for something? Don't brush his ideas aside as unimportant because he's not a member of your family. He has a real claim on you—and you have a duty toward him. Don't forget that.

Lesson for March 27

CORRECTING WRONG IDEAS
OF RELIGION

LESSON TEXT—Mark 7:1-13.
GOLDEN TEXT—This people honor me with their lips, but their heart is far from me. Mark 7:6.

PRIMARY TOPIC—At Dinner-Time.
JUNIOR TOPIC—What Is Real Religion?
INTERMEDIATE AND SENIOR TOPIC—What Counts with God?
YOUNG PEOPLE AND ADULT TOPIC—Sidestepping Responsibilities.

The never-ending struggle of Christianity is to keep the simple gospel of the grace of God in Christ Jesus free to operate in all its glory and power, unencumbered by the traditions and formulas of men. It has been my privilege to read a recent book by a brilliant young man who, while serving as a professor of philosophy in a large university, is also versed in the related fields of theology, psychology, psychiatry, and psychotherapy. He has had first-hand experience in dealing with the problems of men and women. With this background of both study and experience he gives it as his absolute conviction that we must get "back to the original simplicity of the Christian gospel." He suggests that we need to "dust off the additions and superstructures" that have been added since Christ came to seek and to save the lost.

Our lesson for today finds Jesus meeting that very issue with the traditionalists of His day.

I. Washed Hands and Unwashed Hearts (vv. 1-6).

In the process of interpreting the law of Moses and applying it to the affairs of daily life the religious authorities of Israel had developed a mass of intricate and onerous rules which had literally buried the law itself and had substituted ritualistic formalism for spiritual life. So fond had the scribes and the Pharisees become of these traditions that they became bold enough to declare that they were far superior to the law itself.

Their attack on Jesus because His disciples ate with unwashed hands did not refer to the proper cleansing of one's hands before eating, but to the ceremonial washings which were said to be necessary if one had accidentally touched a Gentile, or something that a Gentile had touched in the market place. Jesus skillfully and finally disposes of that question by reminding the objectors that they were serving God with their lips only, but their hearts were far from Him. Washed hands are not a thing to be condemned, and Jesus says nothing about that point. When the washing of hands becomes of more importance than the cleansing of the heart, however, the soul is in real danger.

II. Traditions of Man Versus the Commandment of God (vv. 7-13).

Here is the heart of the entire matter, for while we may not always be aware of it the fact is that our anxiety to maintain human tradition which is contrary to the law and Spirit of God is fundamentally for the purpose of evading our full and true responsibility.

The Jew who was so avaricious that he did not wish to support his aged and needy parents could entirely evade that God-given responsibility by declaring that his property was "Corban," dedicated to God. Thereafter no matter how great was the need of his parents they could receive nothing. The execution of this oath was carried out to such a fine point that a son who had declared his property to be "Corban" could visit a sick father or mother for only a brief period lest he might stay long enough to perform some duties of a nurse and so contribute to his parents by saving them some expense.

Thus do men even in our day make "the word of God of none effect" (v. 13), through their traditions. No right minded person objects to the worthy traditions of worship and service which are such a precious heritage of the Christian church. Rightfully apprehended and properly used they are both desirable and helpful. But we must never permit the grace and power of God in Jesus Christ "to be brought under the trammels of human teachers or the arrangements of human office-bearers. The first movement toward the mastery of the soul by tradition is the movement of that soul away from immediate, direct, first-hand fellowship with God" (Morgan).

The crying need of our day, as it was of the time when Jesus was on earth, is that we should clear away hindering encumbrances.

Goodness

The general goodness which is nourished in noble hearts, makes every one think that strength of virtue to be in another whereof they find assured foundation in themselves.—Sir P. Sidney.

Simplicity of Religion

Pure religion and undefiled before God and the Father is this, To visit the fatherless and widows in their affliction, and to keep himself unspotted from the world.—James 1:27.

New Slenderizing Dresses

IF YOU'RE in the size-34-and-up class, here are three brand new fashions designed especially for you! Everyone of them is extremely smart and everyone is designed to give added charm and dignity to full figures. They are easy to make. The patterns are carefully planned to help beginners, and each is accompanied by a detailed sew chart. So start in tomorrow, and have at least two of them ready for Easter.

The Patterns.

1485 is designed for sizes 34, 36, 38, 40, 42, 44, 46, 48. Size 36 requires 4½ yards of 39-inch material, with ¾ yards of braid for trimming.

1233 is designed for sizes 34, 36, 38, 40, 42, 44, 46, 48, 50 and 52. Size 36 requires 5½ yards of 39-inch material.

1482 is designed for sizes 32, 34, 36, 38, 40, 42, 44. Size 34 requires 4 yards of 39-inch material, with short sleeves. With long sleeves, 4½ yards.

Princess House Dress.

It's a sure way to start the day right, having a dress as becoming and pretty as this one to put on first thing in the morning. It takes a woman with some plumpness to do justice to that fitted, long line. Made up in printed percale, gingham or chambray, with rows of ricrac braid, this dress will be so successful that you'll use the pattern time and again.

Graceful Afternoon Frock.

An especially charming style for luncheons, bridge parties and club meetings. The full sleeves make your arms look small, and are very graceful in themselves. Gathered at the shoulders create necessary fullness. Make this dress for now in silk print or chiffon. Later on, in voile or summer sheer it will be your coolest dress.

Dress With Lengthening Panels.

The plain neckline, the slim waist, snugged in by gathers, the long panel, front and back, are all beautifully slimming in effect. All in all, this dress is so smart that it's certain to be one of your favorites. This design adapts itself to so many materials—silk crepe,

small-figured silk print and, later on, linen.

Your Food Is Your Fate

THE third of the series of articles entitled "What to Eat and Why," written by C. Houston Goudiss, the eminent food authority, author and radio lecturer, appears in this issue.

In these articles Mr. Goudiss tells how you can be strong, beautiful, wise and rear healthy children by combining the right food materials in the diet. He points out the vast influence which food wields over one's life.

The housewife and mother who desires to know what foods will benefit her family the most will do well to read these articles week by week and make a scrapbook of them for ready reference.

Send your order to The Sewing Circle Pattern Dept., Room 1020, 211 W. Wacker Dr., Chicago, Ill. Price of patterns, 15 cents (in coins) each.

TIPS to
Gardeners

Plant With Care

EXERCISE care in planting and also in preparing to plant.

Though soil may be rich, it will not produce as it should unless it is prepared thoroughly.

A primary consideration in planting is to have the soil favorably moist; damp, but not wet. If circumstances demand that you plant when the ground is dry, moisten trenches or drills before dropping the seed.

To retain moisture after planting, cover seeds immediately with fine earth and press down firmly.

Harold Coulter, vegetable expert of the Ferry Seed Institute, advises that temperature be considered at the time of planting. Too high a temperature is often as detrimental to seed germination as one too low. A temperature between 65 and 75 degrees is most favorable.

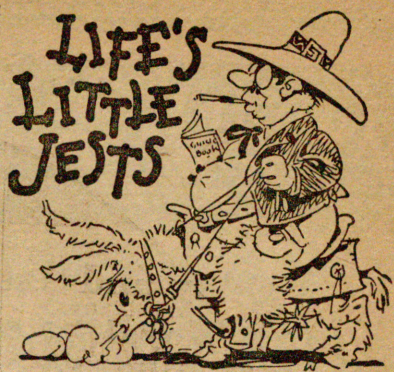

Soil must be loose so seedling sprouts can push through, and roots develop. Where the soil forms a heavy crust, it may sometimes be broken sufficiently to let seedlings through by gently pricking the soil with a rake.

WRONG? Well, yes—and no. The arithmetic of your school days taught that if "Mary had five dollars and spent two . . ." three dollars remained. But that is mathematics—not shopping!

In managing a home . . . guarding a limited family income . . . we've simply got to do better than Mary did. We must sharpen our buying wits . . . ascertain where the dollars of extra value lurk . . . take five dollars to town and get much more for the money spent.

Fortunately, there are ever-willing guides right at hand—the advertisements in this newspaper. Advertised merchandise is often exceptional value merchandise. It makes dollars S-T-R-E-T-C-H.

Changed Opinion

"And was your last place a good one, Janet?"
"Well, mum, I used not to think so."

Comeback

Teacher—I see you like reading travel books, Tommy. But you are reading it backwards.
Tommy—Yes, teacher. I'm on the return journey now.

Bad Record

"Ever been fined before?"
"Well—er—yes, I'm afraid so. I once kept a library book for a fortnight."

Compliments in Order

Mrs. Jones—Er—Mrs. Smith, you've got odd stockings on.

Mrs. Smith—Yes, dearie, I can understand that surprising yer, but that often happens to ladies wot have more than one pair.

"Home-Wrecking"
Qualities of Poor
Furniture Polish

How often a houseful of fine furniture and handsome woodwork is spoiled by the use of a poor furniture polish! There are many polishes on the market today—some fair, some good, others excellent for luster and long life of the finish! The best is non-greasy, because made with a fine, light-oil base! In time, furniture and woodwork can be ruined by the persistent application of a cheap, poor polish! Such polish will contain kerosene, harsh abrasives and harmful acids—destructive elements, that are unseen and unsuspected! The housewife may use one of these polishes, feeling that she is economically keeping her furniture polished—but this is poorest economy, if she values her furniture (and what housewife does not?). The furniture in a home constitutes the largest part of the furnishings—and will show up like "sore thumbs" when dried out, cracked or checked. This is just what occurs, when other than a reputable oil polish is used! Too, a quality oil polish is less expensive! Less is used at one time—for it's undiluted. The resultant glow is deeper, richer, more lasting! Best of all, the finish of the furniture and woodwork is properly "fed" and kept in prime condition! So beware of harsh, "bargain" polishes—for through them, the furniture suffers!

WHEN YOU CLEAN HOUSE
USE O-CEDAR—THE
POLISH THAT CLEANS
AND PRESERVES YOUR
FURNITURE

More women use O-Cedar Polish than any other kind—for furniture, woodwork and floors. It CLEANS as it POLISHES

O-Cedar POLISH MOPS · WAX

The Final Dun

Old-time duns are curiosities. Here is a copy of a dunning notice 150 years ago: "Take Notice: Debtors—This is the last time of asking in this way; all those who settle their accounts by the 18th of June instant, will have the thanks of their humble servant; and those that neglect, will find their accounts in the hands of some person who will collect them in a more fashionable way, but more expensive."

Belfast Castle
Belfast castle, a mansion built by the third marquis of Donegal about a century ago, with 200 acres of grounds, now belongs to the public, having been presented to the citizens of Belfast by its owner, the earl of Shaftesbury, a former lord mayor. The castle stands on the slopes of Cave hill, from which there are splendid views of the city and Belfast lough.
